SUBJECT:

Fiscal Year 2021-22 Budget

RECOMMENDATION:

Recommend to the Council approval of the Fiscal Year 2021-22 budget.

BACKGROUND:

A meeting of the Finance Committee will be held on May 5, 2021 at 12:00 p.m. Due to the COVID-19 Public Health Emergency, the meeting will be held virtually via communications media technology in the following format.

DIAL IN NUMBER:

CONFERENCE CODE:

568 124 316

The purpose of the meeting is to consider a recommendation to the Council for the Fiscal Year 2021-22 budget. For your information, please find attached a proposed budget as prepared by staff.

As you can see, the anticipated expenditures for next year will be \$2,013,500 which is (\$89,000) less than the current year budget.

As usual, almost all funds to be expended by the Council are received through contracts for services and grants. There is one exception: Member local governments pay dues, which are proposed to remain at \$0.30 per capita for the 41st year, and will produce approximately \$166,000.

The most significant policy decision that must be made with respect to the budget is related to personnel. There is provision for a total of 11 full-time staff positions, plus funds for part-time positions, which is one less full-time staff position than budgeted for the current year. The budget includes a recurring increase across the board for all employees, including the Executive Director, equal to two percent of the salary for each employee and one percent of the salary budget for merit increases for all employees, except the Executive Director.

Overall, this budget provides for significant services to be rendered to member cities and counties. This is to be done by effectively using resources, and at the same time, ensuring that the Council remains in a sound financial condition.

If you have any questions concerning this matter, please do not hesitate to call me.

All indirect costs are accumulated in a pool and distributed as charges to each program by use of an indirect cost rate. The indirect cost rate is the total indirect cost divided by total direct personnel dollars. Thus, indirect costs are distributed based upon the number of salary dollars for each program. This method provides an equitable distribution of costs. The Indirect Rate for Fiscal Year 2021-22 is estimated to be approximately 69.89 percent.
