- B. Approval of the October 15, 2014 Minutes
 - ACTION: Steve Futch moved to approve the October 15, 2013 meeting minutes. Linda Tatum seconded; motion passed unanimously.

III. UNFINISHED BUSINESS

A. Community Transportation Coordinator Annual Performance Evaluation

Ms. Lynn Godfrey, North Central Florida Regional Planning Council Senior Planner, stated that Suwannee River Economic Council's response to the annual performance evaluation recommendations is included in the meeting packet.

The Board reviewed Suwannee River Economic Council's response.

B. Rural Area Capital Assistance Program Grant Application

Ms. Godfrey stated that Suwannee River Economic Council applied for Rural Area Capital Assistance Program Grant funds to purchase a vehicle for Bradford County. She said the Florida Commission for the Transportation Disadvantaged did not award Suwannee River Economic Council grant funds to purchase this vehicle.

Mr. Matthew Pearson, Suwannee River Economic Council Executive Director, stated that Suwannee River Economic Council was awarded funds to purchase one vehicle for Dixie and Gilchrist Counties. He said he did not understand why the Florida Commission for the Transportation Disadvantaged did not prioritize applications for vehicles. He noted that much larger grant awards were given to purchase computer equipment.

The Board agreed to send a letter of support with this year's grant application.

IV. NEW BUSINESS

A. Bradford County Transportation Disadvantaged Service Plan

Ms. Godfrey stated that Chapter 427, Florida Statutes requires Suwannee River Economic Council to prepare a Transportation Disadvantaged Service Plan in cooperation with the North Central Florida Regional Planning Council for the Board's approval. She said this plan provides information needed by the Board to continually review and assess transportation disadvantaged needs for the service area. She said the Service Plan must be submitted to the Florida Commission for the Transportation Disadvantaged annually.

The Board reviewed the Bradford County Transportation Disadvantaged Service Plan.

ACTION: Linda Tatum moved to approve the Bradford County Transportation Disadvantaged Service Plan. Alana McKay seconded; motion passed unanimously.

B. Florida's Managed Medical Assistance Program

Ms. Alana McKay discussed Florida's Managed Medical Assistance Program. She explained that Bradford County is included in Medicaid Region 3. She said the anticipated implementation date for Region 3 is May 1, 2014. She said the Health Maintenance Organization have contracted with two Transportation Management Organizations to broker Medicaid transportation services.

Ms. McKay stated that the State of Florida will try to maintain the existing Medicaid Non-Emergency Transportation system. She said Medicaid non-emergency transportation will still be provided to Medicaid beneficiaries.

Page 3 of 4

Bradford County TD Board Meeting January 7, 2014

Mr. Pearson said Suwannee River Economic Council has been in negotiations with one of the Transportation Management Organizations. He said Suwannee River Economic Council will continue to provide Medicaid non-emergency transportation services, but, not at a financial loss to the organization.

F. Operations Reports

Ms. Godfrey stated that the operations reports for the third quarter of 2013 are included in the meeting packet for the Board's review.

The Board reviewed the operations reports.

NOTE:

EXHIBIT A

The Arc of Bradford County, Inc. is a private, not-for-profit corporation organized in 1968 under section 501(C) 3 of the Internal Revenue Service Code. The organization has a 17 member volunteer Board of Directors who set policy and oversee planning functions.

The Arc of Bradford County currently employs 43 staff. Twenty-four (24) staff are assigned driving responsibilities. The Arc provides services for a total of 68 individuals who are seniors and developmentally disabled. Of that number, 53 individuals receive transportation services. The Arc currently provides Life Skills Development Training Levels 1 and 2, Supported Living Services, Personal Supports, Transportation, and Residential Services.

Mission of organization:

"The Arc of Bradford County, Inc., is dedicated to treat those we serve with dignity, to empower them to choose and realize their own goals, and promote their strengths through education and advocacy with the support of families, friends and community" *Adopted by The Arc's Board of Directors on January 16, 1994.*

The Arc provides the following transportation service:

- 1. Scheduled route transportation, which provides approximately 100 passenger trips per day to and from Sunshine Industries (adult day training program), for people who are disabled and elderly. Our transportation routes begin in Starke and reach to the far ends of Bradford County. One route serves Bradford and Union Counties.
- In coordination with the CTC, The Arc exclusively provides transportation for people with disabilities to and from work. The Arc also provides transportation for six people who are disabled to and from work at Camp Blanding in Starke as a part of a mobile work crew.
- 3. In addition to these scheduled route trips, The Arc of Bradford County transports three individuals to their competitive employment sites daily based on their individual work schedules.

The Arc of Bradford County, Inc. currently operates as an approved provider under The Community Transportation Coordinator (Suwannee River Economic Council) in Bradford County and A & A Transport in Union County.

The Arc of Bradford County is responsible for insurance, all employee training, management and administration of its transportation programs. Each employee must provide a copy of a MVR as a part of the initial screening process and must be approved by our insurance company prior to driving. In addition, each employee must successfully complete the required training (computer based) and a pre-employment road test certification before being assigned to any driving responsibilities. New employee training includes transportation safety and policies governing transportation services. The Arc is a drug-free workplace and all new employees must pass the initial drug screening and are subject to random drug testing thereafter.

-36-

The Arc of Bradford County ensures routine maintenance of all vehicles.

The current number of employees who are cleared to provide transportation for individuals served is 24. The Arc of Bradford County maintains records on all certified drivers verifying they have passed the DOT physical, road test and transportation training.

EXHIBIT B

Proposed Project Description

1. Is the project to continue the existing level of services, to expand present service, or to provide new service? How will grant award be used? More hours? Service in a larger geographic area? Shorter headways? More trips? Please explain in detail.

Answer: The purpose of this request is to replace an older vehicle which has been pulled from service due to numerous safety concerns and extensive repair needs. We intend to use the grant to replace a 1999 Ford Bus with 164,747 miles.

2. If a grant award will be used to maintain services as described in Exhibit A, specifically explain how it will be used in the context of total service.

Answer: The Arc of Bradford County seeks to maintain its existing services by replacing an older 22 passenger bus with a standard Cutaway bus.

3. Give a detailed explanation of the need for the vehicle and provide evidence of the need.

Answer: The Arc of Bradford County has 6 vehicles equipped with sufficient w/c positions for our current population. However, we need to replace a 22 seat older bus (1999) which does not meet the required mileage for useful life but will cost more to repair than what it is worth. The floor of this bus is rotting and needs to be replaced; there are leaks in the roof around the escape hatch and around the windows. <u>There have been numerous repairs on the PCM (Power Control Module) and this part is no longer available</u>. Because of all these safety concerns, we have deemed this vehicle unsafe and pulled it out of service.

4. Will a grant award be used to replace existing equipment or purchase additional vehicles/equipment? Provide details.

Answer: The capital funding is requested to replace an older vehicle. The Arc of Bradford County has several older vehicles that have not met the required mileage. Nevertheless, they are costly to run due to on-going maintenance issues. Transportation services are provided in very rural areas where roads are narrow, unpaved, washed out, and at times impassable. These conditions create increased wear and tear on our fleet

and impact the "useful life" guidelines in that they may "wear out" before reaching the mileage criteria.

5. Identify vehicles/equipment being replaced and list them on the "Current Vehicle and Transportation Inventory" form, provided elsewhere in this manual.

Answer: 1999 Ford Bus Mileage: 164,747

6. Describe agency's maintenance program and include a section on how vehicles will be maintained without interruptions in service (who, what, where and when).

Answer: The preventive maintenance inspection is a program of routine checks and procedures performed on a scheduled and recurring basis by the drivers to avoid breakdowns and prolong equipment life. Each driver conducts pre-trip and post-trip inspections and submits all noted mechanical deficiencies to the Operations Director who schedules vehicle maintenance through certified mechanics at Mosley Tire Company in Starke. (see attached Inspection Forms)

The "A" Inspection is performed every 6,000 miles. It is designed for the inspection, service and replacement of certain items at predetermined times and to identify any possible defects which might have occurred and to make minor adjustments as necessary.

The "B" Inspection is performed each 12,000 miles. This inspection repeats the "A" Inspection items and includes certain additional items which should be inspected and serviced as indicated.

The "C" Inspection is a technical and performance inspection and is accomplished each 24,000 miles, The "A" and "B" Inspection items are repeated and additional scheduled items are required to be accomplished which were not part of the other inspection intervals.

Aside from the agency's DOT vehicles, The Arc of Bradford privately owns 2 vans which can be used temporarily as replacements for transportation when routine maintenance and repairs are necessary.

7. If vehicle/equipment are proposed to be used by a lessee or private operator under contract to the applicant, identify the proposed lessee/operator.

Answer: N/A

8. Each applicant shall indicate whether they are a government authority or a private non-profit agency, provide a brief description of the project which includes the counties served, whether the applicant shall service minority populations and whether the applicant is minority-owned.

Answer: The Arc of Bradford County, Inc. is a private non-profit organization providing training supports and services specifically to individuals with physical, developmental and intellectual disabilities and the elderly in Bradford and Union counties.

9. New Agencies:

Answer: N/A

10. Have you met with the CTC and, if so, how are you providing a service that they cannot? Provide detailed information supporting this requirement.

Answer: In Bradford County, transportation disadvantaged funds have been designated for medical services <u>only</u> by the Bradford County Transportation Disadvantaged Coordinating Board. Though individuals attending the work program at the Arc qualify for this funding, transportation services to and from work have not been approved by this board.

The Executive Director of The Arc of Bradford County serves as an alternate on the local board and has asked the board to consider including our participants for this funding. To date, they have not made any changes.

The local CTC provides transportation for medical services in Bradford County, however, they are unable to meet the individual scheduled route needs of the individuals served by The Arc.

The Arc of Bradford County has maintained coordination contracts with Suwannee River Economic Council who is the CTC in Bradford County and with A & A Transport, Inc. who is the CTC in Union County. Contracts are renewed annually with these entities. The Arc of Bradford County only provides transportation services for their program participants. Suwannee River Economic Council, Inc. EXHIBIT A: CURRENT SYSTEM DESCRIPTION

Exhibit A

Suwannee River Economic Council, Inc. is a non profit organization chartered in 1964 whose purpose is to provide services to low income and elderly citizens to alleviate poverty. SREC, Inc. currently is the state designated transportation provider in four rural North Florida counties including Dixie, Bradford, Gilchrist, and Lafayette County. A voluntary Board of Directors governs SREC, Inc. The Board employs an Executive Director, who has normal CEO responsibilities with the agency and the many programs it administers. SREC, Inc. has four program directors providing direct supervision of the ongoing programs, including transportation. The Director of Transportation is Matt Pearson. He is responsible for management, training and administration of the Transportation program. Currently, SREC, Inc. has approximately twenty transportation employees on staff to help in this endeavor.

As the Community Transportation Coordinator for four rural counties in North Florida, SREC, Inc. operates partial brokerages with all trips provided by SREC, Inc. including stretcher services, which was added in October, 2010. SREC, Inc. provides mainly demand response services. SREC, Inc. requires twenty four hour notice for trip request.

Bradford County is an extremely rural community. There are minimal medical facilities available to the residents. Therefore, the vast majority of medical appointments are made in Gainesville where facilities are more prevalent. It is over 40 miles to Gainesville where these appointments are necessary.

Currently, in Bradford County, SREC, Inc. uses one dispatcher/scheduler and averages five drivers using five vans for daily services. SREC, Inc. anticipates providing 32,124 trips in the upcoming year. Trip purposes include medical, nutritional, shopping, and employment. A planned trip schedule for out of County trips is in place to allow for increased ridership on long trips. Currently, the schedule allows for trips to Gainesville Monday through Friday. Multiple trips are made on Mondays and Wednesdays to Gainesville to provide enough seat capacity for those in need. Trips are also scheduled weekly to Lake City and multiple trips daily in and around Bradford County.

SREC, Inc. has maintained excellent safety and training records and continues to provide safe, efficient, cost effective services for the residents of Bradford County, Florida who need transportation services. In fact, SREC, Inc. has recently gone through the process of updating all of its safety records including the newly updated SSPP.

EXHIBIT B PROPOSED PROJECT DESCRIPTION

 $\frac{1}{2}$

Exhibit B

Suwannee River Economic Council, Inc. plans to use these funds to purchase a wheelchair equipped van so that current levels of service can be continued. SREC, Inc. is beginning its third year providing all ambulatory and wheelchair trips in Bradford County. Previously, the services were provided by a private contractor. To provide this service, continual replacement of older vehicles must occur. Also, Bradford County is very rural and many of the roads are not paved. This has a direct effect on the lifespan of the vehicles being used. Therefore, it is imperative for the purchase of new vans to maintain current levels of service.

Current services that will be continued with the award of this grant include transporting residents of Bradford County to Alachua County twice per day. Since there are limited medical facilities in this rural area, trips to Alachua County are medically necessary. It is over 30 miles to Gainesville, the nearest area with medical services. Normally, the riders can expect a ride length of over an hour due to traffic and stops picking up other riders. Also, current services allow for Kidney Dialysis riders the opportunity for transport to and from their dialysis appointments. Currently, those riders are transported numerous times per day, six days per week, Also, current services include transporting elderly clients to meal sites for lunch and health education. These trips occur five days per week in Bradford County. These are some examples of the numerous services provided by SREC, Inc. and its transportation programs.

Suwannee River Economic Council, Inc. recently went through the process of updating all of its safety and maintenance plans with the updated SSPP. Therefore, the maintenance records of all vans will be tracked thoroughly and therefore providing longer lasting vehicles over the long term.

In conclusion, the stability and health of the residents in Bradford County depend on the services SREC, Inc. is able to provide. A continuation of the services allow for transportation disadvantaged residents to maintain normal essential activities. Due to the rural nature of the areas in Bradford County the services require the purchasing of new vans through grant opportunities.
