IV. COMMITTEE REPORTS

A. Executive Committee

1. Florida Regional Councils Association Community Budget Issue Request

Mr. Justice reported that the Florida Regional Councils Association (FRCA) was asking for individual councils to agenda this item in order to satisfy the Legislature’s requirement that all requests for funding be heard in a publicly noticed meeting of a body of elected officials. The FRCA further requests that the Council support its request that the Legislature increase funding to RPCs from $2.23 million per year to $3 million. He noted that funding to RPCs has remained constant at $2.3 million per year since 1985. Mr. Justice also reported that it has been documented by the FRCA that the local governments that support RPCs have, in fact, subsidized the increased legislatively-mandated functions of RPCs at the rate of approximately $3.8 million per year. Mr. Justice reported that the
Executive Committee recommends supporting the FRCA in making a formal request to the Legislature for an increase in funds for RPCs to $3 million per year.

ACTION: Commissioner Montgomery made the motion, with a second by Commissioner Chestnut, to approve the recommendation of the Executive Committee. The motion carried unanimously.

2. Consideration of Renting Space to Private Company

B. Clearinghouse Committee - Commissioner Hutchinson

Local Government Comprehensive Plan Amendments

#49 - Town of White Springs Comprehensive Plan Adopted Amendment (DCA No. 99-1)

#52 - Town of Horseshoe Beach Comprehensive Plan Adopted Amendments (DCA No. 99-PS1)

#53 - City of Alachua Comprehensive Plan Adopted Amendment (DCA No. 00-1)

Commissioner Hutchinson reported that the Clearinghouse Committee had reviewed five Committee-level items which require Council action. Item #31, from the City of Perry; item #48, from the Town of White Springs; item #49, which is also from the
Town of White Springs; item #52, from the Town of Horseshoe Beach; and item #53, from the City of Alachua.

He noted that the Committee found the comprehensive plans of these local governments, as amended, remain consistent with the regional plan, and the Committee recommends forwarding these findings to the respective local governments and the Florida Department of Community Affairs as regional comment.

**ACTION:** Commissioner Hutchinson made the motion, with a second by Mayor Hartzog, to forward the Committee’s findings to the Department of Community Affairs and each local government as regional comment. The motion carried unanimously.

Commissioner Hutchinson reported that the Committee had also met by telephone conference on January 10th and reviewed items #32, City of Hawthorne Comprehensive Plan Adopted Amendment, and item #33, City of Gainesville Comprehensive Plan Adopted Amendment.

He noted that the Committee found the Hawthorne comprehensive plan, as amended, remains consistent with the regional plan. He further reported that the Committee found the Gainesville Comprehensive plan, as amended, remains consistent with the regional plan provided the City amends its Conservation, Open Space, and Groundwater Recharge Element Policy 2.3.6 to replace references to “prime” groundwater recharge areas with references to aquifer recharge areas as mapped by the applicable water management districts; and, that the City replaces its map of high aquifer recharge areas in its comprehensive plan with maps from the applicable water management districts.
