INDEPENDENT AUDITOR'S REPORT

To Metropolitan Transportation
Planning Organization for the
Gainesville Urbanized Area
Gainesville, Florida

We have audited the accompanying basic financial statements of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization), as of and for the year ended September 30, 2012. These basic financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Organization, as of September 30, 2012, and the results of its operations and the respective budgetary comparisons for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2012, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of

preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*, and is not a required part of the financial statements. The Schedule of Expenditures of Federal Awards and State Financial Assistance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION
FOR THE GAINESVILLE URBANIZED AREA
Management's Discussion and Analysis**

This discussion and analysis is intended to be an easily readable analysis of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's (the Organization) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the financial statements that follow.

Report Layout

The Organization has implemented Governmental Accounting Standards Board (GASB) Statement 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments". This Statement requires governmental entities to report finances in accordance with specific guidelines. Among those guidelines are the components of this section dealing with management's discussion and analysis. Besides this Management's Discussion and Analysis (MD&A), the report consists of government-wide statements, fund financial statements, and the notes to the financial statements. The first two statements are condensed and present a government-wide view of the Organization's finances. Within this view, all the Organization's operations are categorized as applicable, and reported as either governmental or business-type activities. Governmental activities include basic planning related services and general administration. The Organization had no business-type activities in this fiscal year. These government-wide statements are designed to be more corporate-like in that all activities are consolidated into a total for the Organization.

Basic Financial Statements

The Statement of Net Assets focuses on resources available for future operations. In simple terms, this statement presents a snap-shot view of the assets of the Organization, the liabilities it owes and the net difference. The net difference is further separated into amounts restricted for specific purposes and unrestricted amounts. Governmental activities are reported on the accrual basis of accounting.

- The Statement of Activities focuses gross and net costs of the Organization's programs and the extent, if any, to which such programs rely upon general revenues. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.
- Fund financial statements focus separately on governmental and proprietary funds, as applicable. Governmental fund statements follow the more traditional presentation of financial statements. As stated above, the Organization has no proprietary funds and business-type activities.
- The notes to the financial statements provide additional disclosures required by governmental accounting standards and provide information to assist the reader in understanding the Organization's financial condition.
- The MD&A is intended to serve as an introduction to the Organization's basic financial statements and to explain the significant changes in financial position and differences in operations between the current and prior years.

Condensed Financial Information

Condensed financial information from the statements of net assets as of September 30, 2012 and 2011, and statements of activities for the years ended September 30, 2012 and 2011, are as follows:

	Governmental Activities	
	Total Government	
	September 30,	
	2012	2011
Assets:		
Cash	\$ 72,114	\$ 60,814
Receivables	180,072	146,640
Total assets	<u>252,186</u>	<u>207,454</u>
Liabilities:		
Accounts payable	190,738	146,594
Total liabilities	<u>190,738</u>	<u>146,594</u>
Net Assets:		
Unrestricted	61,448	60,860
Total net assets	<u>\$ 61,448</u>	<u>\$ 60,860</u>

During the year ended September 30, 2012, there was an increase in net assets of \$588, due to normal operations during the year.

Condensed versions of the Statement of Activities for the years ended September 30, 2012 and 2011 follow:

	Governmental Activities	
	Total Government	
	Fiscal Year Ended September 30,	
	2012	2011
Revenues		
Program revenues		
Member dues	\$ 24,000	\$ 24,000
Operating grants	679,911	656,436
In-kind contributions	108,091	107,019
Interest income	7	-
Total revenues	<u>812,009</u>	<u>787,455</u>
Expenses		
Transportation planning services	<u>811,421</u>	<u>786,770</u>
Total expenses	<u>811,421</u>	<u>786,770</u>
Change in net assets	588	685
Beginning net assets	60,860	60,175
Ending net assets	<u>\$ 61,448</u>	<u>\$ 60,860</u>

Governmental activities

Transportation planning program activities remained similar to the prior year except that total expenses increased approximately 3%, which were the result of grant revenues also increasing approximately 3%.

Capital Assets and Debt Administration

Capital Assets

At September 30, 2012, the Organization had no capital assets titled in its name. All of the capital assets utilized in the Organization's programs are owned by North Central Florida Regional Planning Council, its administering agency.

Debt Outstanding

At September 30, 2012, the Organization had no outstanding debt.

Financial Contact

The Organization's financial statements are designed to present users (citizens, taxpayers, customers, and creditors) with a general overview of the Organization's finances and to demonstrate the Organization's accountability. If you have questions about the report or need additional financial information, please contact the Organization's Executive Director at 2009 NW 67th Place, Gainesville, Florida 32653-1603.

**METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION
FOR THE GAINESVILLE URBANIZED AREA**

NOTES TO FINANCIAL STATEMENTS

September 30, 2012

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization), is a political subdivision created pursuant to provisions of Chapter 163, *Florida Statutes*. The Organization was established in 1977 by an interlocal agreement between the City of Gainesville, Alachua County and Florida Department of Transportation. It is governed by a fourteen-member board, including the five members of the Alachua County Board of County Commissioners, the seven members of the City of Gainesville City Commission, and non-voting representatives of the University of Florida, and a rural advisor selected by the Alachua County League of Cities. The Organization is not currently subject to state or federal income taxes. Staff services are provided by the North Central Florida Regional Planning Council.

The financial statements of the Organization have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Organization's accounting policies are described below:

A. Reporting entity - As required by generally accepted accounting principles, these financial statements present the Organization and any component units, entities for which the primary government is considered to be financially accountable. There are no entities that would be considered component units of the Organization.

B. Basic financial statements - Basic financial statements are presented at both the government-wide and fund financial level. Both levels of statements categorize primary activities as either governmental or business-type.

Government-wide financial statements report information about the reporting unit as a whole. For the most part, the effect of any interfund activity has been removed from these statements. These statements focus on the sustainability of the Organization as an entity and the change in aggregate financial position resulting from the activities of the year. These aggregated statements consist of the Statement of Net Assets and the Statement of Activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Any other items not reported as program revenues are reported instead as general revenues.

Fund financial statements report information at the individual fund level. Each fund is considered to be a separate accounting entity. The Organization only reports a general fund which is a governmental fund.

C. Measurement focus, basis of accounting, and basis of presentation - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. A 120 day availability period after year end is used for revenue recognition. Expenditures are recorded when the related fund liability is incurred.

The Organization reports deferred revenue as applicable on its governmental fund balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition on the current period. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

The Organization reports the following fund:

General Fund

This is the general operating fund of the Organization. It is used to account for all financial resources of the government, except those required to be accounted for in another fund.

D. Cash and cash equivalents - As applicable year to year, the Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

E. Cash and Investments - Cash deposits are held by a bank qualified as a public depository under Florida law. All deposits are insured by Federal depository insurance and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, *Florida Statutes*.

F. Pervasiveness of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. BUDGETARY PROCESS

The Organization follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. In March, staff members begin preparing a budget for the fiscal year commencing the following October 1, based on work outlined in the Unified Planning Work Program.
- b. In August, the Organization adopts and approves the budget.
- c. Actual contracts accepted by the Organization throughout the year necessarily have an impact on approved budget operating levels. Should any major changes be needed, due to unforeseen contracts or the need to appropriate additional funds, the budget is then redeveloped for consideration by the Organization.
- d. The budget is adopted on a basis consistent with generally accepted accounting principles. The legal level of budgeting control is the fund level.

NOTE 3. CONCENTRATION OF CREDIT RISK

Significant concentration of credit risk for financial instruments owned by the Organization are as follows:

- a. **Accounts and grants receivable** - Substantially all of the Organization's receivables are for amounts due from federal, state and local governmental agencies under cost reimbursement contracts. The Organization has no policy requiring collateral or other security to support its receivables.
- b. **Cash and cash equivalents** - At September 30, 2012, the carrying amount of the Organization's bank deposits was \$72.114. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral provided by qualified public depositories to the State Treasurer pursuant to the Public Depository Security Act of the State of Florida. The Act established a Trust Fund, maintained by the State Treasurer, which is a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a member fails.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To Metropolitan Transportation
Planning Organization for the
Gainesville Urbanized Area

We have audited the basic financial statements of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization) as of and for the year ended September 30, 2012, and have issued our report thereon dated December 17, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

The Organization's management is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Organization, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

POWELL & JONES
December 17, 2012

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To Metropolitan Transportation
Planning Organization for the
Gainesville Urbanized Area

Compliance

We have audited the compliance of Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the fiscal year ended September 30, 2012. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Organization's management. Our responsibility is to express an opinion on the Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with those requirements.

In our opinion, the Organization complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal awards programs for the year ended September 30, 2012.

Internal Control Over Compliance

The management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal award programs. In planning and performing our audit, we considered the Organization's internal control over compliance with requirements that could have a direct and material effect on a major federal programs in order to determine our auditing procedures for the purpose of expressing our opinion for compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent

or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Organization, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Planning Organization for the
Gainesville Urbanized Area

We have audited the basic financial statements of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization) as of and for the year ended September 30, 2012, and have issued our report thereon dated December 17, 2012.

We have issued our Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, dated December 17, 2012. Disclosures in that report, if any, should be considered in conjunction with this management letter.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, *Rules of the Auditor General*, which govern the conduct of local governmental entity audits performed in the State of Florida and require that the following items be addressed in this letter.

PRIOR YEAR FINDINGS - There were no reportable findings in the prior year.

CURRENT YEAR FINDINGS - There were no reportable findings in the current year.

FINANCIAL COMPLIANCE MATTERS

Investment of Public Funds - The Organization complied with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the fiscal year.

Financial Emergency Status - Nothing came to our attention that caused us to believe that the Organization had met any of the conditions described in Section 218.503(1), *Florida Statutes*, that might result in a financial emergency.

Financial Condition Assessment - As required by the *Rules of the Auditor General* (Sections 10.544(1)(i)7.c. and 10.556(7)), we applied financial condition assessment procedures. It is management's responsibility to monitor the entity's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information they provided.

We noted no deteriorating financial conditions as defined by Rule 10.544(2)(f).

Our audit did not disclose any further items that would be required to be reported under *Rules of the Auditor General* Chapter 10.550.

CONCLUSION

We very much enjoyed the challenge and experiences with this audit of the Organization. We appreciate the helpful assistance of the Organization staff in completing our audit and also the generally high quality of the Organization's financial records and internal controls.
