AGENDA

METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION
FOR THE GAINESVILLE URBANIZED AREA

Jack Durrance Auditorium
Alachua County Administration Building, Gainesville, Florida

Monday, 3:00 p.m.
August 4, 2014

STAFF RECOMMENDATION

Page 3

I. Approval of the Meeting Agenda
and Consent Agenda Items

The MTPO needs to approve the meeting agenda and the consent agenda items.

Page 39

II. Transportation Disadvantaged Program-
Resolutions of Appreciation

APPROVE STAFF RECOMMENDATION

These resolutions recognize the services of Commissioner Todd Chase and Ms. Peggy Henderson.

Page 45

III. Transportation Improvement Program Amendments-
Roll Forward Projects

APPROVE STAFF RECOMMENDATION

These projects were not completed during the last fiscal year (2013/14) and need to be included in current fiscal year (2014/15) that began July 1st.

Page 53

IV. Year 2040 Long Range Transportation Plan-
Statistically Valid Telephone Survey

APPROVE STAFF RECOMMENDATION

The MTPO has asked for a cost estimate for a statistically valid telephone survey similar to the one that was conducted in 2005.

Page 63

V. Year 2040 Long Range Transportation Plan-
Vision Statement, Principles and Strategies

APPROVE STAFF RECOMMENDATIONS

The MTPO needs to adopt a vision statement, principles and strategies to guide the development of the long range transportation plan.

Dedicated to improving the quality of life of the Region's citizens,
by coordinating growth management, protecting regional resources,
promoting economic development and providing technical services to local governments.
VI. Florida Metropolitan Planning Organization Advisory Council Representative

APPOINT REPRESENTATIVE

The MTPO needs to appoint a replacement for Commissioner Bottcher (who was the alternate voting member appointed to this Council).

VII. Plan East Gainesville Subcommittee Letter

NO ACTION REQUIRED

The Chair wants to discuss the future staffing of this Subcommittee.

VIII. Next MTPO Meeting

NO ACTION REQUIRED

The next MTPO meeting is scheduled for October 6, 2014 at 3:00 p.m.

IX. Comments

A. MTPO Members*
B. Citizens Comments*
C. Chair’s Report*

If you have any questions concerning this matter, please contact Marlie Sanderson, AICP, Director of Transportation Planning, at 352.955.2200.

*No backup material included with the attached agenda material.

Agenda

Enclosures
CALL TO ORDER

Chair Susan Baird called the meeting to order at 5:05 p.m. She welcomed new MTPO members, Commissioner Helen Warren and Commissioner Craig Carter.

I. APPROVAL OF THE MEETING AGENDA AND CONSENT AGENDA

Mr. Marlie Sanderson, Director of Transportation Planning for the Metropolitan Transportation Planning Organization (MTPO) for the Gainesville Urbanized Area, asked for approval of the Consent Agenda and Meeting Agenda amended to add item VIII. Plan East Gainesville Subcommittee Appointments.

MOTION: Commissioner Poe moved to approve the Consent Agenda and Meeting Agenda amended to add item VIII. Plan East Gainesville Subcommittee Appointments. Commissioner Byerly seconded; motion passed unanimously.

Mr. Sanderson announced that this was the last MTPO meeting for Mr. James Bennett, Florida Department of Transportation (FDOT) District 2 Urban Transportation Development Engineer.

Chair Baird thanked Mr. Bennett for his service to the MTPO.

Mr. Bennett stated that he would be pursuing other opportunities, including seeking elected office in Baker County.

II. TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT-

Mr. Sanderson stated that FDOT has requested an amendment to the Transportation Improvement Program to add a $25,000 transit operating assistance grant and $25,000 local match.
MOTION: Commissioner Byerly moved to amend the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program to add an Operating Assistance for Regional Transit System Grant [4435864-1] in the amounts of $25,000 Section 5310 funds and $25,000 local match funds. Commissioner Chestnut seconded. Mr. Sanderson conducted a show-of-hands vote; motion passed unanimously.

III. TRANSPORTATION IMPROVEMENT PROGRAM FOR FISCAL YEARS 2014-15 TO 2018-19

Mr. Sanderson stated that the Transportation Improvement Program is the most important document that is approved each year. He said that the Transportation Improvement Program is a staged implementation program of transportation projects consistent, to the maximum extent feasible, with adopted comprehensive plans of Alachua County and the City of Gainesville. He added that, in order for Federal transportation funds to be spent in the Gainesville Metropolitan Area, they must be approved by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area and included in this report. He reviewed the project tables and answered questions.

Mr. Mike Fay, Alachua County Interim Assistant County Manager, discussed the NW 34 Street sidewalk project.

Mr. Sanderson noted that he would check with City and County staffs for additional pedestrian projects to be included in next year’s Transportation Improvement Program.

Mr. Bennett noted that the federal and state-funded projects in the Transportation Improvement Program are from the FDOT Work Program.

Mr. Jeff Hays, Alachua County Transportation Planning Manager, discussed the SW 20 Avenue bridge project and answered questions. He noted that this project is not ready for inclusion in the Transportation Improvement Program.

Mr. Sanderson stated that he would send transportation disadvantaged eligibility criteria to MTPO members. He also discussed the MTPO’s policy for including local projects in the Transportation Improvement Program.

Mr. Bennett discussed project programming in the Transportation Improvement Program. He added that the List of Priority Projects is the MTPO’s opportunity to request state and/or federal funds for projects that are not funded.

It was a consensus of the MTPO to have next year’s Transportation Improvement Program include only state and federally funded projects, with locally funded projects included in the appendix.

A member of the MTPO discussed his participation at the MPOAC Institute and the information available at the sessions. He recommended the Institute to other MTPO members.

Mr. Sanderson reported the advisory committee recommendations. He noted that there was a display advertisement in local newspapers for the Transportation Improvement Program.

Chair Baird invited citizens to speak on the draft Transportation Improvement Program.

MOTION: Commissioner Chestnut moved to approve the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program. Commissioner Hinson-Rawls seconded. Mr. Sanderson conducted a show-of-hands vote; motion passed unanimously.
IV. LIST OF PRIORITY PROJECTS

Mr. Sanderson stated that, each year, priorities for unfunded projects are submitted to FDOT. He said that these priorities are used by FDOT to develop its Tentative Work Program. He added that this year’s draft List of Priority Projects includes projects from the adopted Year 2035 Livable Community Reinvestment Plan and from local agency recommendations.

Chair Baird inquired about the composition of the Citizens Advisory Committee.

Mr. Sanderson discussed the CAC selection process and answered questions. He discussed the draft priority tables and answered questions.

Mr. Jesus Gomez, Regional Transit System Director, discussed funding for the Transit Maintenance Facility and answered questions.

Mr. Bennett noted that the Transportation Regional Incentive Program Priority #2, Archer Road 4-Laning, is not in the Long Range Transportation Plan and the map shows incorrect termini for the SW 62 Connector project. He also discussed the transportation planning process and answered questions.

MOTION: Commissioner Byerly moved to approve the List of Priority Projects Table 1 and Table 3 revised to correct the map for Priority #1 SW 62 Connector and to delete Priority #2 Archer Road 4-Laning. Commissioner Hinson-Rawls seconded; motion passed 6 to 1.

A member of the MTPO suggested that MPOAC Institute training be required for new MTPO members.

Mr. Sanderson stated that MPOAC Institute training information will be included in future MTPO packets. He also discussed the Table 2 recommendations and answered questions. In addition, he reviewed the funding eligibility for the Bike Map Update Project and answered questions.

Ms. Debbie Leistner, City of Gainesville Transportation Planning Manager, discussed the recently updated City Bike Maps and answered questions. She noted there was “Share the Road” signage in the NW 6 Street and NW 13 Street corridors. She reported that City staff preferred the projects reported in the Technical Advisory Committee recommendation.

Mr. Scott Koons, North Central Florida Regional Planning Council Executive Director, discussed the efforts to develop bike maps within the region for The Original Florida Tourism Task Force and answered questions.

Mr. Bennett discussed the “Share the Road signage.” He noted that FDOT would consider a request for changing the signage to “Bicycle May Use Full Lane.”

Mr. Koons reported that the Bike Maps Update Project was limited to producing web-based maps and did not include any printing costs. He said that the regional maps are being updated this year and will be web-based.

MOTION: Commissioner Byerly moved to:

1. approve the Technical Advisory Committee-recommended List of Priority Projects Table 2 revised to add the NW 39 Avenue bike/pedestrian trail project from the Regional Transit System bus stop to the Grace Market Place as Priority #18;
2. request that the Florida Department of Transportation look into, and if possible, replace the “Share the Road” signage along the NW 6 Street and NW 13 Street with “Bicycles May Use Full Lane” (R4-11) signage; and

3. request that the Bicycle/Pedestrian Advisory Board and the Citizens Advisory Committee coordinate with the North Central Florida Regional Planning Council with discussions for the printing of the regional bike maps.

Commissioner Hutchinson seconded; motion passed unanimously.

V YEAR 2040 LONG RANGE TRANSPORTATION PLAN UPDATE-VISION STATEMENT, PRINCIPLES AND STRATEGIES

Mr. Sanderson stated that the MTPO needs to adopt a Vision Statement, Principles and Strategies to provide guidance for the Year 2040 Long Range Transportation Plan update. He introduced Mr. Wiley Page, Atkins Project Manager, to discuss the draft Vision Statement, Principles and Strategies.

Mr. Page discussed the draft Vision Statement, Principles and Strategies, answered questions and reported the advisory committee recommendations.

MOTION: Commissioner Poe moved to approve the Vision Statement, Principles and Strategies for the Year 2040 Long Range Transportation Plan Update. Commissioner Byerly seconded.

Several members of the MTPO discussed their concerns with respect to road connectivity, the number of references to bicycle, pedestrian and transit and redundancy in the draft Vision Statement, Principles and Strategies.

FIRST SUBSTITUTE MOTION:

Commissioner Hutchinson moved to table the Vision Statement, Principles and Strategies agenda item. Commissioner Hinson-Rawls seconded.

Mr. Page stated that the Vision Statement, Principles and Strategies is a required element of the Year 2040 Long Range Transportation Plan. He noted that this document is a tool for identifying projects to be selected for funding in the long range transportation plan. He reviewed the long range transportation planning process.

SECOND SUBSTITUTE MOTION:

Commissioner Byerly moved to refer the Vision Statement, Principles and Strategies agenda item to staff to reduce its length and redundancy and have balance among the modes. Commissioner Hutchinson seconded; motion passed unanimously.

There was no longer a quorum of the MTPO.

Mr. Sanderson stated that there were vacancies for City of Gainesville representation on the Plan East Gainesville Subcommittee.
Mr. Fay discussed County staff’s timetable for a Plan East Gainesville Subcommittee meeting and answered questions.

Mr. Sanderson said that he would contact the City Manager to request that the City of Gainesville make three appointments to the Plan East Gainesville Subcommittee. He discussed the status of the Statistically Valid Telephone Survey and answered questions.

Chair Baird requested that staff place the Statistically Valid Telephone Survey and the Questionnaire for discussion early in the next meeting agenda. She also stated that the MTPO should review the survey before it is implemented.

A member of the MTPO requested information at the next meeting concerning a “statistically valid survey,” what is “a good question- a non-leading question” and information regarding whether a survey is independent and that the results can be trusted.

Mr. Sanderson announced that the next MTPO meeting is scheduled for August 4, 2014 at 3:00 p.m.

ADJOURNMENT

The meeting was adjourned at 8:03 p.m.

July 28, 2014

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area
FROM: Scott R. Koons, AICP, Executive Director
SUBJECT: Budget for Fiscal Year 2014-15

RECOMMENDATION:

Adopt the budget for Fiscal Year 2014-15 as recommended by staff.

BACKGROUND:

As you know, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area adopts the Unified Planning Work Program which outlines the anticipated transportation planning expenditures each year for the period beginning on July 1 and ending on June 30. However, since the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is a governmental entity under Florida state law, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area fiscal year begins on October 1. Consequently, a fiscal year budget needs to be adopted that can be monitored and adjusted appropriately during the year as decisions are made with respect to program activities. The attached budget satisfies this budgetary requirement.

If you have any questions concerning this matter, please do not hesitate to contact me. Staff will be available at the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting to answer any questions concerning the budget.

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

FROM: Marlie Sanderson, AICP, Director of Transportation Planning

SUBJECT: Transportation Disadvantaged Program Coordinating Board Appointments

STAFF RECOMMENDATION

Appoint Commissioner Craig Carter as Chair and John Wisker as the voting Florida Department of Children and Families Representative on the Alachua County Transportation Disadvantaged Coordinating Board.

BACKGROUND

According to Rule 41-2.012 of the Florida Administrative Code, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, serving as the Designated Official Planning Agency for Alachua County, is responsible for appointing members to the Alachua County Transportation Disadvantaged Coordinating Board.

According to Rule 41-2.012 of the Florida Administrative Code, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area shall appoint one elected official to serve as the official chairperson for all local Coordinating Board meetings. Commissioner Todd Chase has served as Chair of the Alachua County Transportation Disadvantaged Coordinating Board since August 2013. The Gainesville City Commission recently nominated Commissioner Craig Carter to replace Commissioner Chase as Chair of the Board.

The Florida Department of Children and Families Representative must be an individual nominated by the Florida Department of Children and Families. Mr. Wisker was nominated to serve on the Board by the Florida Department of Children and Families (nomination form attached).
Marlie Sanderson

From: Lynn Godfrey
Sent: Tuesday, June 10, 2014 9:09 AM
To: Andrew, Devonia L.
Cc: Jean Strong; Marlie Sanderson
Subject: RE: Alachua Co TD meeting reminder

Good Morning Devonia:

Thank you for informing us about the City Commission’s nomination for Commissioner Carter to replace Commissioner Chase as Chair of the Alachua County Transportation Disadvantaged Coordinating Board. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area appoints members to the Transportation Disadvantaged Coordinating Board. Therefore, we will ask the MTPO to appoint Commissioner Carter at the August 4, 2014 MTPO meeting. The following are the remaining tentative meeting dates for the Transportation Disadvantaged Coordinating Board:

- September 10, 2014 at 10:00 a.m.
- November 5, 2014 at 10:00 a.m.

We will inform you if either of these dates change. If you have need any additional information concerning this matter, please do not hesitate to contact me.

Subject: RE: Alachua Co TD meeting reminder

Good Morning Jean,

Commissioner Craig Carter has been appointed to the Transportation Disadvantaged Board. Due to a scheduled strategic planning retreat, he will not be able to attend tomorrow’s meeting.

Can you please send me a meeting schedule so that I can place the meetings on his calendar?

Thank you and have a great day.

Dear Ms. Baird,

Thank you for your June 9th, 2014 letter requesting “that the Florida Department of Transportation look into, and if possible, replace the “Share the Road” signage along SR 20 (NW 6 Street) and US 441 (NW 13 Street) with “Bicycles May Use Full Lane” (R4-11) signage.”

US 441 (W 13th St) from SR 24 (Archer Rd) to NW 23rd Ave is a four lane highway with various cross sectional configurations, and no shoulders or bike lanes. The average ADT for the count stations along this segment is 28,800 vehicles per day. Posted speed ranges from 30 to 35 MPH.

SR 20 (NW 6th St) from NW 8th Ave north to US 441 is also a four lane highway with various cross sectional configurations, and no shoulders or bike lanes. The average ADT for the count stations along this segment is 11,933 vehicles per day. Posted speed ranges from 30 to 35 MPH.

Recent requests by both a citizen and City of Gainesville staff resulted in the installation of “Share the Road” signs on SR 20 (NW 6th St) from NW 8th Ave north to NW 23rd Ave. The sign installation was completed on May 13th of this year.

The 2009 Manual on Uniform Traffic Control Devices (MUTCD) references the R4-11 sign and gives the following guidance:

- The Bicycles May Use Full Lane (R4-11) sign may be used on roadways where no bicycle lanes or adjacent shoulders usable by bicyclists are present and where travel lanes are too narrow for bicyclists and motor vehicles to operate side by side.
- The Bicycles May Use Full Lane sign may be used in locations where it is important to inform road users that bicyclists might occupy the travel lane.
While Florida has not adopted any state standards for the use of this sign yet, discussions are taking place. The current consensus of the District Safety Engineers is that this sign only be used on roadways that have a single lane in each direction where no bicycle lanes or adjacent shoulders usable by bicyclists are present and where travel lanes are too narrow for bicyclists and motor vehicles to operate side by side. This is not the case when there are two (or more) travel lanes in each direction in which a vehicle can change lanes to the left to safely pass a bicyclist.

Based on the above, my staff recommends that we do not replace the “Share the Road” signs with R4-11 “Bicycles May Use Full Lane” signs at this time. If the Department adopts standards or policy at a later date that is different, we will react accordingly.

Again, thank you for contacting the Department with your suggestions.

Sincerely,

Greg Evans
District Secretary

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

FROM: Marlie Sanderson, AICP, Director of Transportation Planning

SUBJECT: Transportation Disadvantaged Program Resolutions of Appreciation

RECOMMENDATION

Approve the attached resolutions of appreciation for Commissioner Todd Chase and Ms. Peggy Henderson.

BACKGROUND

The attached resolutions of appreciation are regarding Florida’s Transportation Disadvantaged Program established by Chapter 427, Florida Statutes. Commissioner Chase served as Chair of the Alachua County Transportation Disadvantaged Coordinating Board since August 2013. Ms. Peggy Henderson served as the Florida Department of Children and Families Representative on the Alachua County Transportation Disadvantaged Coordinating Board since August 2008.

If you have questions concerning this matter, please do not hesitate to contact me.

RESOLUTION

WHEREAS, Commissioner Chase has served as the Chair of the Alachua County Transportation Disadvantaged Coordinating Board since August 5, 2013; and

WHEREAS, Commissioner Chase ably discharged his duties as the Chair of the Alachua County Transportation Disadvantaged Coordinating Board;

NOW, THEREFORE, BE IT RESOLVED: That the members and staff of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area do hereby express their appreciation to Commissioner Chase for the dedicated service he rendered to the Alachua County Transportation Disadvantaged Coordinating Board, and for his concern for the transportation disadvantaged needs of Alachua County and the State of Florida; and

BE IT FURTHER RESOLVED: That this expression of appreciation be spread upon the minutes of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area for all citizens of the community to view and recognize the accomplishments and service of Commissioner Chase.

Susan Baird, Chair

Susan Baird, Chair

ADOPTED BY THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA

August 4, 2014
Date
July 28, 2014

TO: Metropolitan Transportation Planning Organization (MTPO)
FROM: Marlie Sanderson, AICP, Director of Transportation Planning
SUBJECT: Transportation Improvement Program Amendment- Roll Forward Projects

**MTPO STAFF RECOMMENDATION**

Amend the Transportation Improvement Program to roll forward funding into Fiscal Year 2014/2015 for the projects identified in Exhibit 1.

**BACKGROUND**

The Florida Department of Transportation (FDOT) is requesting that the MTPO amend its Transportation Improvement Program to roll forward funding from Fiscal Year 2013/2014 to Fiscal Year 2014/2015 for the projects shown in Exhibit 1. This amendment is needed because these projects were not committed by June 30, 2014- the end of the state fiscal year.

Each year, funds for some federally-funded projects are rolled forward into the next fiscal year because of the difference between the federal and state fiscal years. The federal fiscal year is from October 1st to September 30th each year, while the state fiscal year is from July 1st to June 30th.
Marlie Sanderson

From: Green, James [James.Green@dot.state.fl.us]
Sent: Tuesday, July 01, 2014 12:02 PM
To: Marlie Sanderson
Cc: Mike Escalante
Subject: Roll Forward Report
Attachments: GAINESVILLE_MTPo roll forward report.pdf

Marlie
Attached is the Roll Forward Report for projects in FY2013/14 that were not committed by June 30, the end of our Fiscal Year. The projects in the Roll Forward Report within the Gainesville MTPo are to be amended into the first year of the newly adopted TIP, at the next MTPo Board Meeting.

Please let me know if you have any questions.

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area  
FROM: Marlie Sanderson, AICP, Director of Transportation Planning 
SUBJECT: Year 2040 Long Range Transportation Plan- Statistically Valid Telephone Survey

JOINT RECOMMENDATION

The Bicycle/Pedestrian Advisory Board, Citizens Advisory Committee, Technical Advisory Committee and MTPO staff recommend that the MTPO approve the Exhibit 1 survey and authorize staff to pay the University of Florida Survey Research Center $18,329 to conduct this survey.

BACKGROUND

At its February 4, 2014 meeting, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area discussed a transportation telephone survey that was conducted as part of the Year 2025 long range transportation plan update. During this discussion, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approved a motion to

"direct staff to provide cost estimates for a statistically valid telephone survey and any other public outreach expenditures that maximize public input."

We contacted the University of Florida Survey Research Center and requested a cost estimate. Enclosed as Exhibit 2 is the response provided by Mr. Scott Richards, Coordinator of Programming and Research. The cost estimate he provided is $18,329 for a 400-complete telephone survey. If approved, this survey will be conducted this Fall.
EXHIBIT 1

Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Survey

PHONE SURVEY

Hello, I'm calling from the University of Florida for the organization responsible for setting transportation priorities for the Gainesville Metropolitan Area, known as the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. We'd like to ask an adult (age 18+) in your household a few questions about the transportation issues that they feel are most important. This survey is part of the process of setting long-range goals for the transportation system in the greater Gainesville area. (This should only take around 10 minutes of your time.)

[Respondent selection: Resident Adult with the most recent birthday.]
Can I speak to the adult (18+ who lives in your household) who had the most recent birthday?

Before we begin, there are a few things I'd like you to know:
*Your phone number was selected at random.
*Anything you say will be confidential.
*You don't have to answer any question you don't want to.
*Your answers won't be linked to your name, and this survey should take around 10 minutes.
*Finally, this call may be recorded for quality control purposes.

Do you have any questions?

Q1. What is your 5-digit Zip code (where you live)?

Q2. In the past work week, how many days have you used the following in Gainesville or some other part of Alachua County:

   Days

   a. Sidewalks?
   b. Gainesville Regional Transit System bus service?
   c. Special dedicated bus or van service for senior citizens or the disabled?
   d. In-street bike lanes?
   e. Off-street bike paths?
   f. The roadway system (as a car driver or as a passenger)?

Q3. Would you support increases in any of the following areas to improve your local transportation system?

   a. Gasoline tax?  Yes  No
   b. Local sales tax?  Yes  No
   c. Local property tax?  Yes  No
   d. Auto tag fees?  Yes  No
   e. Another source of revenue?  Yes  No

Q4. What would you like to see the additional revenue used for?

   [Open end Response]
Q5. Your local government budgets for community transportation needs. Please tell me how you would rate the importance of spending money on each of the following. We'll use a scale of 1 to 5 where 5 means you feel the proposal is Very Important and 1 means you feel it is NOT Important at All.

<table>

Q7. If you had $100 to spend on ROADS, BUSES, BICYCLE PATHS, SIDEWALKS how much would you spend on...

(Interviewer: REMEMBER ALLOCATION MUST ADD TO $100.)

Roads $_____
Transit Service $_____
Bicycle Facilities $_____
Pedestrian Facilities $_____

Demographics

Q8. How many years have you lived in Gainesville or Alachua County?

_____ Enter # years

Q9. Do you live in the Gainesville city limits?

1. Yes
2. No
3. Refused

Q10. How many people, including yourself, live in your household?

Q11. How many people in your household work at least 20 hours per week outside the home?

Q12. How many registered motor vehicles are there in your household? (Motor vehicles include passenger cars, pick-up trucks, sport utility vehicles, vans/minivans, and motorcycles.)

Q13. How many people in your household are licensed drivers?
Q14. Is there a disabled person with special transportation needs in your household?
   1. Yes
   2. No
   -9. Refused

Q15. Record gender [Ask only if needed]
   1. Male
   2. Female

Q16a. What is your age?

Q16b. (If Q16a is refused) Into which of the following age categories do you fall?
   1. 18 to 34
   2. 35 to 54
   3. 55 to 64
   4. 65 or older
   -9. Refused

Q17. Are you of Spanish or Hispanic origin?
   1. Yes (Spanish or Hispanic)
   2. No (Not Spanish or Hispanic)
   -8. Don't Know
   -9. Refused

Q18. What race do you consider yourself?
   (INT: READ CHOICES IF NECESSARY)
   1. White (Caucasian)
   2. Black (African-American)
   3. Asian or Pacific Islander
   4. American Indian or Alaska native
   5. Other
   6. Multi-racial or mixed race
   -8. Don't Know
   -9. Refused

That's all the questions I have. Thank you for your help.
Hello Marlie & Mike—

I’ve attached a draft of the Statement of Work (SoW) for the MTPO survey project. Please change the language of this document as needed to fit your organization’s needs.

Some notes about the attached document:

- The survey will be programmed and administered in English & Spanish, as needed
- The UFSRC will collect a minimum of 400 completed interviews. If the budget allows, we’ll collect more.
- The sampling plan—using registered voter records—means we will be calling both landline and cell phones.
- We can deliver the survey data to you in almost any format. I’ve written in Excel/.csv as those are fairly universal, but if you need something else let us know.
- As we’d discussed, there are no costs for Survey Development
- I’ve written in Marlie Sanderson as the MTPO contact person. Please let me know if that should be someone else.

Finally, please let me know if you have questions, etc. about the SoW.

Thanks,
Scott

Scott Richards
Coordinator of Programming & Research
University of Florida Survey Research Center
352.392.2908 x103
Purpose:
The University of Florida Survey Research Center (the UFSRC at the Bureau of Economic and Business Research) will conduct telephone surveys of the transportation preferences of residents of the greater Gainesville metropolitan area for the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (MTPO). A minimum of 400 completed interviews will be collected from randomly selected residents of the greater Gainesville area.

TASKS:
The scope of this Statement of Work (SoW) and associated funding is intended to cover tasks below:

1. Survey Programming
   - The Survey will be programmed in English and Spanish.
   - A working copy of the survey (field disks) will be made available to MTPO personnel for their approval prior to fielding.
   - The UFSRC will obtain IRB approval for the survey prior to fielding, to insure the rights of all respondents are protected.

2. Develop a comprehensive sampling plan for the survey/Survey management
   - With guidance from MTPO personnel, the UFSRC will outline the greater Gainesville urbanized area using zip codes or census tracts.
   - The UFSRC will obtain a list of registered voters that live within the greater Gainesville urbanized area. This list includes both cell phone and landline numbers.
   - The UFSRC will process the list and randomize it; prospective survey participants will be pulled from the randomized list.
   - A number match will be performed on any randomized records without phone numbers.

3. Administer the Survey
   - The UFSRC will administer a questionnaire expressly developed for the MTPO to explore the transportation preferences of residents of the greater Gainesville urbanized area.
   - Using trained interviewers, the UFSRC will conduct telephone interviews using a computer-assisted telephone interview (CATI) system. Interviews will be conducted in Spanish as required. Approximately 30% of the UFSRC’s interviewer staff is bilingual.
   - Calls will be rotated to different times of the day or evening and different days of the week to maximize chances of contacting prospective respondents.

4. Submit Data & Report
   - Survey Data will be provided in Excel and/or .csv format; open-end responses will be exported in Excel format with respondent numbers attached. Data may be submitted in other formats at the request of the MTPO.
   - Datasets will be delivered to the MTPO within 14 days after the end of data collection.
   - A topline report of survey results will be submitted within 21 days after the end of data collection.
DELIVERABLES

- Submit a working copy of the survey (field disks) to MTPO personnel for their approval prior to fielding.
- Submit a dataset containing 400 completed interviews in Excel and/or .csv format (or other format as chosen by MTPO personnel).
- Submit a file of open end responses in Excel format.
- Submit a topline report of survey results
- Provide a survey questionnaire/codebook file.
- Provide a disposition report based on disposition categories as defined by the American Association of Public Opinion Research (AAPOR).

FROM: Marlie Sanderson, AICP, Director of Transportation Planning

SUBJECT: Year 2040 Long Range Transportation Plan- Vision Statement, Principles and Strategies

JOINT RECOMMENDATION

The Bicycle/Pedestrian Advisory Board, Citizens Advisory Committee and MTPO Staff recommend that the MTPO approve the Vision Statement, Principles and Strategies in Exhibit 2.

TECHNICAL ADVISORY COMMITTEE RECOMMENDATION

Approve the Vision Statement, Principles and Strategies in Exhibit 2 with Strategy 1.2 deleted.

Note: The Technical Advisory Committee observed that Strategy 1.3 addressed modifications to the transportation system for economic vitality without the mode-specificity used in Strategy 1.2, considered it redundant and, therefore, recommend its deletion.

BACKGROUND

Federal requirements mandate that the adopted long range transportation plan

"include both long-range and short-range strategies/actions that lead to the development of an integrated multimodal transportation system to facilitate the safe and efficient movement of people and goods in addressing current and future transportation demand."

The Vision Statement, Principles and Strategies are used to guide the development of the long range transportation plan. They include both long range and short-range actions that are consistent with state and local goals and objectives. The draft Vision Statement, Principles and Strategies were developed using information that was gathered from the public at the first Community Public Workshop held on February 18, 2014. In addition, efforts have been made to insure that the draft Vision Statement, Principles and Strategies are consistent with the following:

1. City of Gainesville and Alachua County Comprehensive Plans;
2. State Comprehensive Plan;
3. Florida Transportation Plan; and
Application

Once adopted, the Vision Statement, Principles and Strategies will be used as follows in the remaining steps of the long range transportation plan update process:

1. the three alternative Needs Plans that are tested and evaluated will be developed using the adopted Vision Statement, Principles and Strategies;

2. the adopted Needs Plan will only include projects that advance the Vision Statement, Principles and Strategies;

3. the Vision Statement, Principles and Strategies will be used to rank Needs Plan projects; and

4. a matrix will be developed that shows the consistency between each Cost Feasible Plan project and the Vision Statement, Principles and Strategies.

Exhibit 1

The attached Exhibit 1 is the Vision Statement, Principles and Strategies that were reviewed by the MTPO and the MTPO Advisory Committees during the last round of meetings in May and June. The color red shows edits recommended by the Technical Advisory Committee and the color green shows edits recommended by the Citizens Advisory Committee. In Exhibit 1, the strike-through and underline technique is used to shows the proposed revisions to the vision statement, goals and objectives that were approved five years ago during the Year 2035 long range transportation plan update.

June 2, 2014 MTPO Meeting

At its last meeting on June 2, 2014, several MTPO members were concerned about the large number of references to bicycle, pedestrian and transit issues as compared to the number of references to road issues. In addition, some members said that there was a lot of redundancy in this material. Based upon this discussion, the MTPO approved a motion to refer this back to staff to reduce its length and redundancy and to have more balance among all modes of transportation.

In response to this request, MTPO staff and the consultant have prepared Exhibit 2. The following sections discuss what approach was used to address the MTPO concerns.

**Vision Statement** - the Exhibit 1 Vision Statement has been significant shortened. We replaced the original vision statement with the language in the currently adopted federal transportation legislation that describes the “national interest” policy for surface transportation systems.

**Principles** - the Exhibit 1 principles have been replaced with the eight planning factors that are specified in the currently adopted federal transportation legislation.

**Strategies** - have been completely reworked to eliminate redundancy and to address all modes in a more balanced manner.
Below are the recommended Principles and Strategies for the 2040 Long Range Transportation Plan (LRTP). The update of the Principles and Strategies began with a review of your existing Goals and Objectives by the LRTP Consultant. They recommended numerous changes based on current Federal and State legislation as well as recent requests by the Florida based Federal Highway Administration staff. Those changes are shown in blue. The TAC, CAC and Bicycle Advisory Committee have each reviewed this document and accepted the consultant’s recommendations. The TAC made additional edits which were accepted by the CAC, these are shown in red. The CAC also made addition recommendations and these are shown in green. The Bike/Ped Board reviewed both the TAC and the CAC recommendations and accepted those and made no additional recommendations.

**Introduction**

To create the Vision, Principles and Strategies, a number of local, regional, and state plan resources were reviewed and utilized to ensure planning consistency and provide inspiration. Specifically, the following plans and plan elements were reviewed: the Gainesville Year 2035 Long Range Transportation Plan, the Alachua County Comprehensive Plan 2011-2030 Transportation Mobility Element, the City of Gainesville’s Comprehensive Plan Transportation Mobility Element (updated 10/12/13), the 2060 Florida Transportation Plan, and the 2011 North Central Florida Strategic Regional Policy Plan.

**Vision Statement**

The Gainesville Urbanized Area will develop and maintain a multimodal transportation system that integrates land use and transportation planning and investments to promote community well-being through good and healthy relationships with the region’s other communities and natural systems. Specific outcomes will be:

1. Sustainable, safe, secure, energy efficient and livable land use patterns and complementary context-sensitive transportation networks that provide mobility choices within and between compact, mixed-use, multimodal-supportive development;
2. Balanced east-west Gainesville Urbanized Area growth to reduce socioeconomic disparity through increased transportation mobility and accessibility;
3. Transportation infrastructure investments that direct growth to existing infill and redevelopment areas;
4. Greenbelts to preserve natural and agricultural lands between all municipalities in the Alachua County region through compact land use patterns served by express transit service, park and ride facilities and/or non-motorized multimodal trails; and
5. A multimodal transportation network network of Rapid Transit Facilities connecting regional employment centers in order to enhance the economic competitiveness of the area.
**Goals and Objectives**

**Principles and Strategies**

**Goal-Principle Statement 1:**

**Economic Vitality and Community Livability**

Plan and invest to develop and maintain a comprehensive, multimodal transportation network for the Gainesville Urbanized Area that promotes economic vitality, community livability, and increased housing-employment proximity.

**Strategies Objectives**

1.1 Coordinate the development of the transportation network with the development of affordable housing to promote proximity between residential and employment centers.

1.2 Encourage development and location of employment centers to promote desired housing patterns and densities.

1.3 Encourage location of health care and commerce in proximity to all residential areas.

1.4 Direct location of goods distribution centers to avoid negative impact on residential areas.

1.5 Improve the viability of alternatives to the single occupant vehicle (bicycling, walking, public transit, carpooling/vanpooling and teleworking/telecommuting) as options for all users of the transportation network through accessibility, convenience and comfort.

1.6 Increase the number of “complete streets” that provide accommodations for all users through the use of contextual solutions.

1.7 Expand the reach of the regional transit system to improve accessibility, availability and competitiveness of transit as a viable travel option.

1.8 Improve access for pedestrians, bicyclists and transit users to public places and centers of activity.

1.9 Improve pedestrian/bicycle accessibility by providing connections between commercial centers and surrounding neighborhoods, by filling in sidewalk gaps, and by identifying roadways that would benefit from additional pedestrian and bicycle facilities.

1.10 Improve connectivity between modes, including transit, bicycle, pedestrian, and automobiles.

1.11 Increase bicycle and pedestrian accessibility through an interconnected and continuous system of off-road trails and greenways.
1.12 Coordinate transportation and future land use decisions to promote efficient development patterns and a choice of transportation modes.

1.13 Enhance transportation linkages to promote economic development and employment opportunities, especially in the eastern Gainesville Urbanized Area.

1.14 Improve access to transportation facilities and services for elderly, children, people with disabilities and economically disadvantaged individuals.

1.15 Select physical and transit improvements/modifications to the transportation system that will better accommodate the disabled.

1.16 Minimize the adverse impacts of transportation on established neighborhoods through development of a network of transportation facilities.

1.17 Preserve the intended function of the Florida Strategic Intermodal System (SIS) and other appropriate corridors for intercity travel and freight movement, but minimize adverse impacts resulting from this policy that are inconsistent with other goals and objectives.

1.18 Support-Encourage transportation projects that promote economic development and job creation.

1.19 Promote regional and local cooperation on transportation issues and needs.

1.20 Promote the services of and support increase multimodal transportation connections to the Gainesville Regional Airport.

**Principle Goal Statement 2:**

**Sustainable Decision-Making and Preservation**

Develop and maintain a sustainable transportation system that supports and preserves the existing transportation network through integrated land use and transportation decision-making that results in compact development patterns, preservation of environmental, cultural and historic areas, reduced demand for transportation-related fuel consumption, and lower greenhouse gas emissions.

**Strategies Objectives**

2.1 Minimize travel distances for work, shopping and recreation.

2.2 Encourage infill and redevelopment, to increase accessibility for all residents and visitors, especially people with disabilities, lower income citizens, elderly, and children.
2.3 Encourage the siting of government facilities such as schools and service centers in areas that have existing and adequate infrastructure in place, providing accessibility by all modes of transportation.

2.4 Improve the interconnectivity of streets and other modal systems of the transportation network, including sidewalks, bikeways and transit ways.

2.5 Create opportunities for access by all modes of travel at centers for employment, education, services, commerce and housing through land use strategies and urban design principles that minimize travel distances and allow for a mix of uses.

2.6 Enhance connectivity between different forms of travel by creating multimodal access hubs within new development or redeveloping areas.

2.7 Use transportation investments to support development and redevelopment in mixed use activity centers to promote economic development and preserve environmentally-sensitive lands.

2.8 Reduce the adverse impacts of transportation on the environment, including habitat and ecosystem fragmentation, wildlife collisions, and non-point source pollution.

2.9 Make transportation decisions that support the creation of a greenbelt between the Gainesville Urbanized Area and surrounding municipalities and rural communities to reduce sprawl and preserve environmentally sensitive areas.

2.10 Improve energy efficiency and reduce greenhouse gas emissions by promoting street designs that maximize opportunities for use of transportation choices and sustainable building techniques.

2.11 Phase in new vehicle fleets for public agencies to maximize energy efficiency and reduce air quality impacts.

2.12 Reduce impervious surface areas by promoting reuse of surface parking areas for infill development, urban agriculture and other uses and encouraging Low Impact Development (LID) and other creative and innovative ways of handling stormwater from roadways and other transportation facilities.

2.13 Encourage the development and use of tele-commuting, distance education, virtual meeting, and other communications technologies as a method to reduce vehicle miles traveled.
**Principle Goal Statement 3:**

**Safety for Mobility and Accessibility**

Develop and maintain a safe transportation system that supports increased mobility and better accessibility by creating multimodal transportation choices for all users and neighbors of transportation facilities and services.

**Objectives**

1. Address existing and potential safety problems on or adjacent to transportation corridors through an interagency planning and prioritization process.

2. Implement techniques to calm traffic in residential, educational and commercial areas where walking and bicycling are common.

3. Implement a comprehensive Safe Routes to School Program to increase the percentage of children walking or bicycling to school.

4. Increase safety for vulnerable road users, including the elderly, the transportation disadvantaged, children, pedestrians, bicyclists, motorcyclists and motor scooter riders.

5. Implement techniques and roadway design to reduce fatalities and serious injuries from common intersection crashes, lane departure crashes, and aggressive driving (e.g., designing for the incorporation of emerging safety-related technologies).

6. Improve performance through safety improvements and countermeasures.

7. Coordinate with the Florida Department of Transportation to implement the Florida Strategic Highway Safety Plan.

8. Incorporate safety-related strategies, plans and activities (including transit safety) in the Safety Element of the long range transportation plan.

9. Work with federal, state and local agencies, the private sector and other stakeholders to minimize and mitigate potential threats and vulnerabilities in the multimodal transportation system.
**Principle Goal Statement 4:**

**Security and Resilience**

Develop and maintain a transportation system that secures the ability of the Gainesville Urbanized Area to prevent, respond to, and recover from crime, disaster, and other adverse conditions with resilience.

**Strategies Objectives**

4.1 Increase the ability of the transportation network to accommodate variable and unexpected conditions without catastrophic failure.

4.2 Compile existing plans and protocols into a transportation security plan that protects lives and coordinates the use of resources.

4.3 Increase personal security of users by implementing appropriate design strategies, such as improved lighting and visibility measures, at appropriate locations such as transit stops and intermodal facilities where people are waiting.

4.4 Review and update the Continuity of Operations Plan on a regular basis to ensure the continuity of essential office functions if a major event/emergency/disaster occurs.

4.5 Support development of alternative fuel sources and infrastructure to provide continuing transportation services in the event of scarcity.

4.6 Coordinate with appropriate agencies to protect the critical transportation infrastructure against disaster by identifying vulnerable assets and possible threats to these assets, developing prevention strategies, and planning for recovery and redevelopment after disaster (in coordination with the Local Mitigation Strategy).

4.7 Incorporate security-related strategies, plans and activities (including transit security) in the Security Element of the long range transportation plan.

4.8 Include emergency management considerations in the MTPO transportation planning process.

4.9 Encourage the use of technologies that can increase transportation safety, such as automatic road enforcement and emergency vehicle notification systems.
**Principle Goal Statement 5:**

*Transportation Network Management and Operations*

Improve system management, operations, coordination and communication to make sound transportation decisions that reflect wise use of financial resources.

**Strategies**

**OBJECTIVES**

5.1 Give priority to preservation and maintenance of the existing transportation network to ensure optimal use.

5.2 Preserve current and planned rights-of-way for transportation system improvements or modifications.

5.3 Implement transportation demand management and system management strategies before adding general purpose lanes to a roadway.

5.4 Improve the operational efficiency of the existing transportation system for all modes of travel based on a balance of needs within the corridor.

5.5 Implement a coordinated traffic signal system plan to improve network efficiency and maintain traffic flow.

5.6 Coordinate transportation plans and programs with all stakeholders in the transportation system, including the public, public agencies, transit, emergency management, police and fire, etc.

5.7 Develop a balanced transportation system that includes a dispersion of traffic across multiple smaller roads rather than concentrating traffic on a few major roadways and provides a better parallel network for vulnerable users, including the elderly and children.

5.8 Emphasize cost-effectiveness as a factor for identifying priorities for all modes.
**Principle Statement 6:**
**Efficiency and Efficiency**

Promote efficiency and effectiveness within the transportation system and the planning process.

**Strategies**

6.1 Review and coordinate MTPO planning efforts with state planning efforts, including the Florida Department of Transportation’s long- and short-range plans and programs.

6.2 Give priority to modifications that do not require additional travel lanes (i.e., changes in signal timing, addition of turn lanes, transportation systems management, and intelligent transportation systems).

6.3 Give priority to modifications that encourage low cost capacity modifications (i.e., additional through lanes at intersections and limited roadway widening projects).

6.4 Seek and facilitate public and private funding sources for transportation modifications and maintenance.

6.5 Review and coordinate MTPO planning efforts with local planning efforts, including the Future Land Use Element and transportation-related elements of local government comprehensive plans.

6.6 Work with the City of Gainesville and Alachua County to issue an annual Level of Service Report and coordinate to designate backlogged and constrained transportation facilities.

6.7 Encourage transportation traffic demand management strategies and non-motorized/low speed multimodal facilities to reduce the number of single occupant vehicles (e.g., carpool, bike, walk, telecommuting, and compressed work weeks).

6.8 Support the City of Gainesville’s and Alachua County’s efforts to implement the Gainesville Transportation Mobility Program Area (TMPA), Transportation Mobility Districts and Transportation Concurrency Exception Areas (TCEAs), and support efforts to maintain roadway level of service and mitigate effects to the regional road network outside of those areas.
6.9 Support Alachua County's efforts to implement Transportation Mobility Districts and Transportation Concurrency Exception Areas (TCEAs) and support efforts to maintain roadway level of service and mitigate effects to the regional roadway network.
Vision Statement [MAP-21- Subsection (a) (1)]

A transportation system that is safe and efficient, serves the mobility needs of people and freight, and fosters economic prosperity while minimizing transportation-related fuel consumption and air pollution.

Principles [MAP-21 (h) (1)] and Strategies

Principle 1: Support economic vitality

Strategy 1.1 Support transportation projects that promote economic development.

Strategy 1.2 Construct new roads and/or widen existing roads that allow for the expansion of existing commercial centers.

Strategy 1.3 Support projects that improve connectivity to existing or planned economic centers.

Principle 2: Increase safety and security for motorized and nonmotorized users

Strategy 2.1 Support projects that increase safety for all users, such as improved access management to reduce crashes, variable message signs to warn motorists of unsafe conditions, provision of sidewalks, transit bicycle facilities and late night transit services to deter drunk driving.

Strategy 2.2 Implement techniques and road design to reduce fatalities and serious injuries from common intersection crashes and lane departures.

Strategy 2.3 Support projects that increase security for all users of transit, such as adequate lighting at bus stops, equipment on buses and transit facilities to monitor/prevent harmful activity and adequate bicycle parking facilities.

Strategy 2.4 Encourage development of alternative fuel sources and multimodal infrastructure to provide continuing transportation services in the event of scarcity.

Strategy 2.5 Coordinate with appropriate agencies to accommodate incident management and emergency management.

Principle 3: Increase the accessibility and mobility of people and freight

Strategy 3.1 Improve the level of service for roads using transportation system management strategies (such as computerized traffic signal systems, motorist information systems and incident management systems) and transportation demand management strategies (such as carpools, transit, bicycling, walking, telecommuting and flexible work schedules).

Strategy 3.2 Encourage the construction of bus bays (turnouts) on major road corridors.

Strategy 3.3 Preserve the intended function of roads on the Florida Strategic Intermodal System for intercity travel and freight movement.

Strategy 3.4 Expand transit service to improve accessibility, availability and competitiveness of transit as a viable travel option.
Principle 4: Protect and enhance the environment, promote energy conservation, improve the quality of life and promote consistency between transportation improvements and State and local planned growth and economic development patterns

Strategy 4.1 Support land use designations and encourage development plans that reduce vehicle miles traveled and are transit-supportive.

Strategy 4.2 Develop and expand a network that provides multi-modal transportation opportunities for bicyclists and pedestrians.

Strategy 4.3 Reduce adverse impacts of transportation on the environment, including habitat and ecosystem fragmentation, wildlife collisions and non-point source pollution.

Strategy 4.4 Coordinate transportation and future land use decisions to promote efficient development patterns and a choice of transportation modes, consistent with local comprehensive plans.

Principle 5: Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight

Strategy 5.1 Construct park-and-ride lots, transit intermodal centers and freight intermodal centers at appropriate locations.

Strategy 5.2 Provide adequate sidewalks to all bus stops and bicycle racks on all buses.

Principle 6: Promote efficient system management and operation

Strategy 6.1 Develop a transportation system that disperses traffic throughout the local transportation grid rather than concentrating traffic on a few major roads.

Strategy 6.2 Encourage the development and location of employment and service centers that reduce travel distances from residential areas and to transit services.

Strategy 6.3 Continue to implement a coordinated traffic signal system plan to improve road efficiency and to maintain traffic flow.

Principle 7: Emphasize the preservation of the existing transportation system

Strategy 7.1 Direct sufficient resources to preserve existing transportation infrastructure.

Strategy 7.2 Protect existing and future road rights-of-way from building encroachment.
July 28, 2014

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

FROM: Marlie Sanderson, Director of Transportation Planning

SUBJECT: Florida Metropolitan Planning Organization Advisory Council Representative

STAFF RECOMMENDATION

Appoint an alternate voting member to the Florida Metropolitan Planning Organization Advisory Council to replace Commissioner Susan Bottcher.

BACKGROUND

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area needs to appoint one alternate voting member to the statewide organization of Metropolitan Planning Organizations - the Florida Metropolitan Planning Organization Advisory Council. Last December, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area elected Commissioner Robert Hutchinson as the MTPO’s voting member and elected Commissioner Susan Bottcher as the alternate voting member.

Dedicated to improving the quality of life of the Region's citizens, by coordinating growth management, protecting regional resources, promoting economic development and providing technical services to local governments.
July 28, 2014

TO:  Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

FROM:  Marlie Sanderson, AICP, Director of Transportation Planning

SUBJECT: Plan East Gainesville Subcommittee Letter

STAFF RECOMMENDATION

No action required. This material is for information only.

BACKGROUND

Exhibit 1 is a letter from the Plan East Gainesville Subcommittee to the Alachua County Board of County Commission. This letter reports the recent action taken at the Subcommittee’s July 10, 2014 meeting.

The Plan East Gainesville Subcommittee is currently provided staff services by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area staff. This Subcommittee does not have regularly scheduled meetings and only meets on an as needed basis.

The Chair has requested this agenda item to discuss future staffing of this Subcommittee.
July 15, 2014

The Honorable Lee Pinkoson, Chair  
Alachua County Board of County Commissioners  
Post Office Box 5547  
Gainesville, FL 32627

RE: Plan East Gainesville Subcommittee- Alachua County Fairgrounds Recommendation

Dear Chair Pinkoson:

At its meeting on July 10, 2014, the Plan East Gainesville Subcommittee received a status report from Alachua County staff concerning the Alachua County Fairgrounds. During discussion of this issue, the Subcommittee approved a motion to recommend that the Alachua County Board of County Commissioners:

1. commit to fund stabilization repairs to the roof and bathrooms in the upcoming budget year;

2. ask County Staff to develop and bring back to the Board of County Commissioners for its consideration a Five-Year Plan to finance Phase 1 of the Weseman tract into the new fairgrounds on the assumption of a 15-year bond using the Tourist Development Tax money as a source;

3. ask the City of Gainesville if Alachua County needs to bring everything else at the site up to code if the County installs a temporary building for five years at the current fairgrounds; and

4. ask County Staff to give the Board of County Commissioners a presentation on the plan to rehabilitate and upgrade the existing fairgrounds and facilities.

If you have any questions concerning this matter, please do not hesitate to contact Marlie Sanderson, AICP, Director of Transportation Planning at 352.955.2200, extension 103.

Sincerely,

Lauren Poe, Chair  
Plan East Gainesville Subcommittee

cc: The Honorable Ed Braddy, City of Gainesville Mayor  
Mr. Russ Blackburn, City of Gainesville Manager  
Ms. Betty Baker, Alachua County Manager  
Mr. Mike Fay, Alachua County Acting Assistant County Manager
### SCHEDULED 2014 MTPO AND COMMITTEE MEETING DATES AND TIMES

**PLEASE NOTE:** All of the dates and times shown in this table are subject to being changed during the year.

<table>
<thead>
<tr>
<th>MTPO MEETING MONTH</th>
<th>TAC [At 2:00 p.m.] CAC [At 7:00 p.m.]</th>
<th>B/PAB [At 7:00 p.m.]</th>
<th>MTPO MEETING</th>
</tr>
</thead>
</table>
| FEBRUARY | January 22  
\textit{TAC Cancelled} | January 23 | February 3 at 3:00 p.m. |
| APRIL | April 2  
\textit{TAC@NCFRPC} | April 3 | April 14 at 3:00 p.m. |
| JUNE | May 21 | May 22 | June 2 at 5:00 p.m. |
| AUGUST | July 23 | July 24 | August 4 at 3:00 p.m. |
| OCTOBER | September 24 | September 25 | October 6 at 3:00 p.m. |
| DECEMBER | November 19 | November 20 | December 1 at 5:00 p.m. |

Note, unless otherwise scheduled:

1. Shaded boxes indicate the months that we may be able to cancel MTPO meetings if agenda items do not require a meeting and corresponding Advisory Committee meeting may also be cancelled;
2. TAC meetings are conducted at the Gainesville Regional Utilities (GRU) Administration general purpose meeting room;
3. CAC meetings are conducted in the Grace Knight conference room of the County Administration Building; and
4. MTPO meetings are conducted at the Jack Durrance Auditorium of the County Administration Building unless noted.
