CALL TO ORDER
Chair Helen Warren called the meeting to order at 3:05 p.m.

I. APPROVAL OF THE MEETING AGENDA AND CONSENT AGENDA
Chair Warren asked for approval of the meeting agenda and consent agenda.

MOTION: Commissioner Cornell moved to approve the Consent Agenda and Meeting Agenda. Commissioner Pinkoson seconded; motion passed unanimously.

II. TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENTS-
NW 19TH LANE BIKELANE/SIDEWALK PROJECT

Mr. Scott Koons, Executive Director, stated that Florida Department of Transportation has requested an amendment to the Transportation Improvement Program to add preliminary engineering in Fiscal Year 2015-16 to the NW 19th Lane Bikelane/Sidewalk project.

Ms. Kristen Young spoke in support of the amendment.

MOTION: Commissioner Carter moved to amend the Transportation Improvement Program to add preliminary engineering in Fiscal Year 2015-16 to the NW 19th Lane Bikelane/Sidewalk project. Commissioner Pinkoson seconded. Mr. Koons conducted a show-of-hands vote; motion passed unanimously.
III. NW 34TH STREET (STATE ROAD 121) TURN LANES

Mr. Koons stated that Florida Department of Transportation has completed a study of the NW 34th Street (State Road 121) corridor.

Mr. Jim Knight, Florida Department of Transportation Urban Transportation Development Manager, discussed the (State Road 121) study and answered questions.

A member requested a copy of the State Road 121 study report.

IV. SW 34TH STREET (STATE ROAD 121) SAFETY REFERRAL REPORT

Mr. Koons stated that Florida Department of Transportation has completed a safety study of the SW 34th (State Road 121) Street corridor between University Avenue (State Road 26) and Radio Road.

Mr. Knight discussed the State Road 121 study and answered questions. He reported that the intersection would be reconfigured to add a northbound through-lane by moving the median to the west. He added that the westbound left turn lane on University Avenue (State Road 26) into the shopping center would be removed.

A member asked if businesses would be contacted.

Mr. Knight stated that businesses would be notified regarding the turnlane closure.

A member asked about the use of variable speed limit signage.

Mr. Knight said that he would refer the issue to Department staff.

V. WALDO ROAD (STATE ROAD 24) PEDESTRIAN SAFETY REFERRAL REPORT

Mr. Koons stated that Florida Department of Transportation has completed a safety evaluation of Waldo Road (State Road 24).

Mr. Knight discussed the Waldo Road safety evaluation and answered questions.

MOTION: Commissioner Wells moved to refer to the City of Gainesville funding for project design. Commissioner Chase seconded; motion passed unanimously.

A member requested that staff notify the Metropolitan Transportation Planning Organization regarding the Department’s work program for safety projects.

MOTION: Commissioner Cornell moved to rank the SW 34th Street (State Road 121) from SW 2nd Avenue (State Road 26A) to University Avenue (State Road 26) as a priority over the NW 34th Street turnlanes. Commissioner Budd seconded; motion withdrawn.

VI. NE 39TH AVENUE (STATE ROAD 222) CROSSWALK REFERRAL REPORT

Mr. Koons stated that Florida Department of Transportation has completed an evaluation of the need for a crosswalk on NE 39th Avenue (State Road 222) at NE 28th Drive. Mr. Knight discussed the NE 39th Avenue (State Road 222) crosswalk evaluation results and answered questions.
MOTION: Commissioner Wells moved to encourage the Florida Department of Transportation:

1. To conduct a study of Northeast 39th Avenue (State Road 222) at Northeast 28th Drive area by complying new data that addresses the change in character of the area since the establishment of Grace Marketplace adjacent to the corridor; and

2. To reevaluate the Northeast 39th Avenue (State Road 222) at Northeast 28th Drive area in light of state and national attention to urban streets with the new Florida Department of Transportation Complete Streets Policy and urban streets in the Highway Capacity Manual.

Commissioner Carter seconded; motion withdrawn.

A member discussed his safety concerns regarding the NE 8th Avenue at the NE 9th Street roundabout.

VII. PLAN EAST GAINESVILLE STATUS REPORT

Mr. Koons discussed the outcome of the Plan East Gainesville Subcommittee meeting and reported the Subcommittee recommendations.

A member recommended maintaining the Plan East Gainesville Steering Committee. Another member discussed the need for work buses and the “Look East” Initiative.

MOTION: Commissioner Goston moved to:

1. Have staff work with Alachua County and the City of Gainesville staffs to identify action items that have been completed and action items that have not been completed as identified in the East Gainesville Final Report and other plans and studies addressing redevelopment in East Gainesville;

2. Have staff, with the assistance of Alachua County and City of Gainesville staffs, and the Gainesville Area Chamber of Commerce identify barriers to private investment in East Gainesville;

3. Recommend that Alachua County, the City of Gainesville and the Gainesville Area Chamber of Commerce hold a joint announcement regarding development efforts in East Gainesville;

4. Authorize the Plan East Gainesville Subcommittee to establish staff work tasks to assist the Subcommittee in fulfilling its duties and responsibilities; and

5. Have staff coordinate with the University of Florida Strategic Plan Initiative process.

Commissioner Budd seconded.
FRIENDLY AMENDMENT: Commissioner Cornell requested to move the tasks from the Plan East Gainesville Subcommittee to a new joint Alachua County/City of Gainesville committee staffed by City and County staff. Commissioners Goston and Budd accepted the amendment.

FRIENDLY AMENDMENT: Commissioner Byerly moved to delete item 4. Authorize the Plan East Gainesville Subcommittee to establish staff work tasks to assist the Subcommittee in fulfilling its duties and responsibilities since it conflicted with the friendly amendment to move the tasks from the Plan East Gainesville Subcommittee to a joint Alachua County/City of Gainesville committee staffed by City and County staff and sunset the Plan East Gainesville Subcommittee. Commissioners Goston and Budd accepted the amendment.

AMENDED MOTION:

Commissioner Goston moved to:

1. Have staff work with Alachua County and the City of Gainesville staffs to identify action items that have been completed and action items that have not been completed as identified in the East Gainesville Final Report and other plans and studies addressing redevelopment in East Gainesville;

2. Have staff, with the assistance of Alachua County and City of Gainesville staffs, and the Gainesville Area Chamber of Commerce identify barriers to private investment in East Gainesville;

3. Recommend that Alachua County, the City of Gainesville and the Gainesville Area Chamber of Commerce hold a joint announcement regarding development efforts in East Gainesville;

4. Have staff coordinate with the University of Florida Strategic Plan Initiative process; and

5. Move the tasks from the Plan East Gainesville Subcommittee to a joint Alachua County/City of Gainesville committee staffed by City and County staff and sunset the Plan East Gainesville Subcommittee.

Commissioner Budd seconded; motion passed unanimously.

Mayor Doug Jones, Rural Advisor, suggested involving developers and investors.

VIII. NW 39TH AVENUE (STATE ROAD 222) AND NW 83RD STREET INTERSECTION MODIFICATIONS

Mr. Koons stated that a member requested this item be placed on the regular agenda for discussion.

Mr. Jeff Hays, Alachua County Transportation Planning Manager, discussed the NW 39th Avenue (State Road 222) and NW 83rd Street intersection issue concerning an additional proposed turn lane resulting from the Park Avenue development currently under construction located at the southeast quadrant of this intersection and answered questions.
Mr. Knight stated that the signals are adequate and that the developers should pay the full amount for any modifications.

Mr. Sergio Reyes, EDA President representing the Park Avenue development project, discussed the traffic signal study and answered questions.

**MOTION:** Commissioner Pinkoson moved to have the Chair send a letter to the Florida Department of Transportation to request consideration for funding modifications to the NW 39th Avenue (State Road 121) at NW 83rd Street intersection. Commissioner Cornell seconded; motion passed unanimously.

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

FROM: Scott R. Koons, AICP, Executive Director

SUBJECT: Unified Planning Work Program Amendment

STAFF RECOMMENDATION

Adopt Resolution 2016-04 (see Exhibit 1) amending the Fiscal Year 2016-17 and Fiscal Year 2017-18 Unified Planning Work Program to increase the Federal Transit Administration Section 5305(d) grant award by $4,143, and to revise Task 1.0 Administration, Task 8.0 Systems Planning and Appendix B to add the increase in grant funds Fiscal Year 2016-17 Section 5305(d) application forms and authorize staff to make administrative revisions as requested by state and federal review agencies.

BACKGROUND

The Florida Department of Transportation has notified the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area of the amount of Federal Transit Administration Section 5305(d) grant funds it will receive in Fiscal Year 2016-17. The amount, $168,007, is $4,143 greater than the estimate included in the adopted Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program. Therefore, in order to receive the full grant, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area needs to amend the Unified Planning Work Program.

The Unified Planning Work Program outlines and describes planning efforts to be undertaken by participating agencies to maintain a comprehensive, cooperative and continuing transportation planning program in the Gainesville Urbanized Area. The transportation planning program includes a Unified Planning Work Program budget which includes Federal Highway Administration Section 134 planning funds, Federal Transit Administration Section 5305 (d) planning grant funds, Florida Department of Transportation funds and local funds for Fiscal Year 2016-17 (July 1, 2016 to June 30, 2017) and Fiscal Year 2017-18 (July 1, 2017 to June 30, 2018).

Please find attached, as Exhibit 1, Resolution 2016-04 which amends the Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program. Please note that Resolution 2016-04 includes authorization for the Executive Director to make administrative modifications that do not change the overall budget or scope of work tasks. Also attached as Exhibit 2 are the Unified Planning Work Program amended pages.

RESOLUTION NO. 2016-04

A RESOLUTION OF THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA AMENDING THE FISCAL YEARS 2016-17 AND 2017-18 UNIFIED PLANNING WORK PROGRAM INCREASING THE AMOUNT OF FEDERAL TRANSIT ADMINISTRATION SECTION 3505(d) GRANT FUNDS BY $4,143 FOR FISCAL YEAR 2016-17 AND AUTHORIZING THE EXECUTIVE DIRECTOR TO APPROVE PLANNING ACTIVITY MODIFICATIONS THAT DO NOT CHANGE THE OVERALL BUDGET OR SCOPE OF WORK TASKS REGARDING FISCAL YEAR 2016-17 AND FISCAL YEAR 2017-18 PLANNING FUNDS IN ALACHUA COUNTY, FLORIDA; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, as a designated Metropolitan Planning Organization, is entitled to receive Fiscal Years 2016-17 and 2017-18 Federal Highway Administration metropolitan planning funds in Alachua County in order to develop, in cooperation with the state and public transit operators, transportation plans and programs for the Gainesville Metropolitan Area: that provide for the development and integrated management and operation of transportation systems and facilities, including pedestrian walkways and bicycle transportation facilities; that utilize a process for developing such plans that provides consideration of all modes of transportation; that shall be continuing, cooperative and comprehensive, to the degree appropriate, based on the complexity of transportation problems to be addressed; that ensure that the process is integrated with the statewide planning process; and that identify transportation facilities that should function as an integrated metropolitan transportation system, giving emphasis to facilities that serve important national, state and regional transportation functions, including those facilities on the Strategic Intermodal System as designated under Section 339.63, Florida Statutes;

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, as a designated Metropolitan Planning Organization, shall develop in cooperation with the Florida Department of Transportation and public transportation providers, a unified planning work program that lists all planning tasks to be undertaken during Fiscal Year 2016-17 and Fiscal Year 2017-18 that must provide a complete description of each planning task and an estimated budget therefor and must comply with applicable state and federal law; and

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has prepared and adopted the Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program that includes required Assurances and Certifications and then seek reimbursement of funds for implementation of said unified planning work program from the Florida Department of Transportation.

NOW THEREFORE, BE IT RESOLVED BY THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA:

1. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has the authority to amend the Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program.
2. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approves and authorizes its Chair to sign an amended Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program on behalf of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area in order to implement metropolitan planning work tasks and activities in and affecting Alachua County, Florida (Federal Project Identification Number- 0241(054)).

3. That the Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program estimated budget includes five hundred and ninety-one thousand four hundred and twenty-four dollars and no cents ($591,424.00) which represents four hundred eighty-four thousand five hundred and fifty-four dollars and no cents ($484,554.00) Federal Highway Administration funds and one hundred and six thousand eight hundred and seventy dollars and no cents ($106,870.00) state soft matching funds for each fiscal year (Florida Department of Transportation Project Identification Number- 439318-1-14-01).

4. That the Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program includes a Federal Transit Administration Section 5305(d) grant application with an amended budget of one hundred and sixty-eight thousand and seven dollars and no cents ($168,007.00) in Federal Transit Administration funds (80 percent) that would be matched with twenty-one thousand and one dollars ($21,001) state matching funds (ten percent) and twenty-one thousand and one dollars ($21,001) local matching funds (ten percent) for Fiscal Year 2016-17 and a Federal Transit Administration Section 5305(d) grant application with an estimated budget of one hundred and sixty-three thousand eight hundred and sixty-four dollars and no cents ($163,864.00) in Federal Transit Administration funds (80 percent) that would be matched with twenty thousand four hundred and eighty-three dollars ($20,483) state matching funds (ten percent) and twenty thousand four hundred and eighty-three dollars ($20,483) local matching funds (ten percent) for Fiscal Year 2017-18.

5. That the amount of reimbursement is not to exceed four hundred and eighty-four thousand five hundred and fifty-four dollars and no cents ($484,554.00) which represents the Federal Highway Administration portion for unified planning work program implementation.

6. That the amount of reimbursement is not to exceed one hundred and sixty-eight thousand and seven dollars and no cents ($168,007.00) which represents the Federal Transit Administration grant application amount for projects in support of the unified planning work program implementation for Fiscal Year 2016-17.

7. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director, in consultation with the Florida Department of Transportation, to modify the amended Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program to address review agency comments.

8. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Chair to execute Assurances, Certifications, and all other documents as may be required to implement the amended Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program.

9. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director to make modifications to the amended Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program that do not change the approved Federal Highway Administration overall budget and the Federal Transit Administration overall grant funding; and do not change the scope of work task(s); or do not delete a work task(s).

10. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Chair to sign the amended Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program that has been revised by amendment by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.
11. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director to sign the required Florida Department of Transportation Unified Planning Work Program Revision Form and transmit said form and supporting documentation to the Florida Department of Transportation for the amended Fiscal Years 2016-17 and 2017-18 Unified Planning Work Program that has been revised by amendment approved by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

12. That this resolution shall take effect upon its adoption.

DULY ADOPTED in regular session, this __________ day of __________________ A.D., 2016.

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

FROM: Scott R. Koons, AICP, Executive Director

SUBJECT: Fiscal Year 2014-15 Audit

RECOMMENDATION

Accept the audit report for Fiscal Year 2014-15 and approve the invoice for payment to the auditor.

BACKGROUND

Attached please find a copy of the Auditor’s Report for the fiscal year ended September 30, 2015. In December 2015, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area appointed Commissioner Chase and Commissioner Cornell to an Audit Review Committee. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area also decided to have Commissioner Chase serve as Committee Chair.

Audit Review Committee Meeting

The Audit Review Committee will meet with the Auditor prior to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting. At that meeting, the Committee will make a recommendation to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area concerning acceptance of the audit report for Fiscal Year 2014-15 and approval the invoice for payment to the auditor.

INDEPENDENT AUDITOR'S REPORT

To Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area
Gainesville, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area as of September 30, 2015, and the changes in financial position and the respective budgetary comparisons for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 - 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's basic financial statements. The schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards and state financial assistance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.
Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 17, 2016, on our consideration of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's internal control over financial reporting and compliance.

METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION
FOR THE GAINESVILLE URBANIZED AREA
Management's Discussion and Analysis

This discussion and analysis is intended to be an easily readable analysis of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's (the Organization) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the financial statements that follow.

Report Layout

The Organization has implemented Governmental Accounting Standards Board (GASB) Statement 34, “Basic Financial Statements - and Management’s Discussion and Analysis - for State and Local Governments”. This Statement requires governmental entities to report finances in accordance with specific guidelines. Among those guidelines are the components of this section dealing with management’s discussion and analysis. Besides this Management’s Discussion and Analysis (MD&A), the report consists of government-wide statements, fund financial statements, and the notes to the financial statements. The first two statements are condensed and present a government-wide view of the Organization’s finances. Within this view, all the Organization’s operations are categorized as applicable, and reported as either governmental or business-type activities. Governmental activities include basic planning related services and general administration. The Organization had no business-type activities in this fiscal year. These government-wide statements are designed to be more corporate-like in that all activities are consolidated into a total for the Organization.

Basic Financial Statements

The Statement of Net Position focuses on resources available for future operations. In simple terms, this statement presents a snap-shot view of the assets of the Organization, the liabilities it owes and the net difference. The net difference is further separated into amounts restricted for specific purposes and unrestricted amounts. Governmental activities are reported on the accrual basis of accounting.

- The Statement of Activities focuses gross and net costs of the Organization’s programs and the extent, if any, to which such programs rely upon general revenues. This statement summarizes and simplifies the user’s analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

- Fund financial statements focus separately on governmental and proprietary funds, as applicable. Governmental fund statements follow the more traditional presentation of financial statements. As stated above, the Organization has no proprietary funds and business-type activities.

- The notes to the financial statements provide additional disclosures required by governmental accounting standards and provide information to assist the reader in understanding the Organization’s financial condition.

- The MD&A is intended to serve as an introduction to the Organization’s basic financial statements and to explain the significant changes in financial position and differences in operations between the current and prior years.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization), is a political subdivision created pursuant to provisions of Chapter 163, Florida Statutes. The Organization was established in 1977 by an interlocal agreement between the City of Gainesville, Alachua County and Florida Department of Transportation. It is governed by a fourteen-member board, including the five members of the Alachua County Board of County Commissioners, the seven members of the City of Gainesville City Commission, and non-voting representatives of the University of Florida, and a rural advisor selected by the Alachua County League of Cities. The Organization is not currently subject to state or federal income taxes. Staff services are provided by the North Central Florida Regional Planning Council.

The financial statements of the Organization have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Organization's accounting policies are described below:

A. Reporting entity - As required by generally accepted accounting principles, these financial statements present the Organization and any component units, entities for which the primary government is considered to be financially accountable. There are no entities that would be considered component units of the Organization.

B. Basic financial statements - Basic financial statements are presented at both the government-wide and fund financial level. Both levels of statements categorize primary activities as either governmental or business-type.

Government-wide financial statements report information about the reporting unit as a whole. For the most part, the effect of any interfund activity has been removed from these statements. These statements focus on the sustainability of the Organization as an entity and the change in aggregate financial position resulting from the activities of the year. These aggregated statements consist of the Statement of Net Position and the Statement of Activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Any other items not reported as program revenues are reported instead as general revenues.

Fund financial statements report information at the individual fund level. Each fund is considered to be a separate accounting entity. The Organization only reports a general fund which is a governmental fund.

C. Measurement focus, basis of accounting, and basis of presentation - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.
Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. A 120 day availability period after year end is used for revenue recognition. Expenditures are recorded when the related fund liability is incurred.

The Organization reports deferred revenue as applicable on its governmental fund balance sheet. Deferred revenues arise when a potential revenue does not meet both the “measurable” and “available” criteria for recognition on the current period. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

The Organization reports the following fund:

**General Fund**
This is the general operating fund of the Organization. It is used to account for all financial resources of the government, except those required to be accounted for in another fund.

**D. Cash and cash equivalents** - As applicable year to year, the Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

**E. Cash and Investments** - Cash deposits are held by a bank qualified as a public depository under Florida law. All deposits are insured by Federal depository insurance and collateralized with securities held in Florida’s multiple financial institution collateral pool as required by Chapter 280, *Florida Statutes*.

**F. Pervasiveness of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**G. Fund Balances** - As of September 30, 2015, fund balances of the governmental funds are classified as follows:

- **Non-spendable** - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

- **Restricted** - amounts that can be spent only for specific purpose because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

- **Committed** - amounts that can be used only for specific purposes determined by a formal action of the Governing Board. The Governing Board is the highest level of decision making authority for the Organization. Commitments may be established, modified or rescinded only through ordinances or resolutions approved by the Governing Board.

- **Assigned** - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Organization’s general policy, only the Governing Board may assign amounts for specific purposes.
Unassigned – all other spendable amounts.

As of September 30, 2015, fund balances are composed of the following:

<table>
<thead>
<tr>
<th>Category</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-spendable</td>
<td>$ 500</td>
</tr>
<tr>
<td>Unassigned</td>
<td>58,990</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$59,490</strong></td>
</tr>
</tbody>
</table>

NOTE 2. BUDGETARY PROCESS

The Organization follows these procedures in establishing the budgetary data reflected in the financial statements:

a. In March, staff members begin preparing a budget for the fiscal year commencing the following October 1, based on work outlined in the Unified Planning Work Program.

b. In August, the Organization adopts and approves the budget.

c. Actual contracts accepted by the Organization throughout the year necessarily have an impact on approved budget operating levels. Should any major changes be needed, due to unforeseen contracts or the need to appropriate additional funds, the budget is then redeveloped for consideration by the Organization.

d. The budget is adopted on a basis consistent with generally accepted accounting principles. The legal level of budgeting control is the fund level.

NOTE 3. CONCENTRATION OF CREDIT RISK

Significant concentration of credit risk for financial instruments owned by the Organization are as follows:

a. **Accounts and grants receivable** - Substantially all of the Organization's receivables are for amounts due from federal, state and local governmental agencies under cost reimbursement contracts. The Organization has no policy requiring collateral or other security to support its receivables.

b. **Cash and cash equivalents** - At September 30, 2015, the carrying amount of the Organization's bank deposits was $53,716. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral provided by qualified public depositories to the State Treasurer pursuant to the Public Depository Security Act of the State of Florida. The Act established a Trust Fund, maintained by the State Treasurer, which is a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a member fails.

NOTE 4. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability to the Organization. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Organization expects such amounts, if any, to be immaterial.

See notes to the Schedule of Federal Awards and State Financial Assistance.
NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and presentation of the Schedule of Expenditures of Federal Awards and State Financial Assistance of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization) have been designed to conform to generally accepted accounting principles as applicable to governmental units, including the reporting and compliance requirements of the Audits of States, Local Governments, and Non-Profit Organizations and Office of Management and Budget Circular A-133.

A. Reporting Entity

This reporting entity consists of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. The Organization includes a Schedule of Expenditures of Federal Awards and State Financial Assistance in the compliance Section for the purpose of additional analysis.

B. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus.

The accrual basis of accounting is followed in the Schedule of Expenditures of Federal Awards and State Financial Assistance. Under the modified accrual basis, revenues are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Organization considers revenues to be available if they are collected within 120 days after the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.
INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To Metropolitan Transportation Planning
Organization for the Gainesville Urbanized Area
Gainesville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United
States of America and the standards applicable to financial audits contained in Government
Auditing Standards issued by the Comptroller General of the United States, the financial
statements of the governmental activities, each major fund, and the aggregate remaining fund
information of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized
Area, as of and for the year ended September 30, 2015, and the related notes to the financial
statements, which collectively comprise Metropolitan Transportation Planning Organization for the
Gainesville Urbanized Area’s basic financial statements, and have issued our report thereon dated
June 17, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Metropolitan
Transportation Planning Organization for the Gainesville Urbanized Area’s internal control over
financial reporting (internal control) to determine the audit procedures that are appropriate in the
circumstances for the purpose of expressing our opinions on the financial statements, but not for
the purpose of expressing an opinion on the effectiveness of the Metropolitan Transportation
Planning Organization for the Gainesville Urbanized Area’s internal control. Accordingly, we do not
express an opinion on the effectiveness of the Metropolitan Transportation Planning Organization
for the Gainesville Urbanized Area’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow
management or employees, in the normal course of performing their assigned functions, to
prevent, or detect and correct, misstatements on a timely basis. A material weakness is a
deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable
possibility that a material misstatement of the entity’s financial statements will not be prevented,
or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a
combination of deficiencies, in internal control that is less severe than a material weakness, yet
important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of
this section and was not designed to identify all deficiencies in internal control that might be
material weaknesses or, significant deficiencies. Given these limitations, during our audit we did
not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Metropolitan Transportation Planning
Organization for the Gainesville Urbanized Area’s financial statements are free from material
misstatement, we performed tests of its compliance with certain provisions of laws, regulations,
contracts, and grant agreements, noncompliance with which could have a direct and material
effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for each Major Federal Program

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's compliance with the types of compliance requirements described in OMB Circular A-133 Compliance Supplement that could have a direct and material effect on Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's major federal program for the year ended September 30, 2015. Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's compliance with those requirements and performing such other procedures as we considered necessary for the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's compliance.

Opinion on Each Major Federal Program

In our opinion, Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area complied, in all material respects, with the types of compliance requirements referred to
above that could have a direct and material effect on its major federal program for the year ended September 30, 2015.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133

Report on Internal Control Over Compliance

Management of Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

To Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

We have audited the basic financial statements of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (the Organization) as of and for the year ended September 30, 2015, and have issued our report thereon dated June 17, 2016.

We have issued our Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards, dated June 17, 2016. Disclosures in that report, if any, should be considered in conjunction with this management letter.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and require that the following items be addressed in this letter.

PRIOR YEAR FINDINGS - There were no reportable findings in the prior year.

CURRENT YEAR FINDINGS - There were no reportable findings in the current year.

FINANCIAL COMPLIANCE MATTERS

Financial Emergency Status - We determined that the Organization did not meet any of the conditions described in Section 218.503(1), Florida Statutes, that might result in a financial emergency.

Financial Condition Assessment - As required by the Rules of the Auditor General (Sections 10.544(1)(i)c. and 10.556(7)), we applied financial condition assessment procedures. It is management's responsibility to monitor the entity's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information they provided.

We noted no deteriorating financial conditions as defined by Rule 10.544(2)(f).

Our audit did not disclose any further items that would be required to be reported under Rules of the Auditor General Chapter 10.550.

CONCLUSION

We very much enjoyed the challenge and experiences with this audit of the Organization. We
appreciate the helpful assistance of the Organization staff in completing our audit and also the generally high quality of the Organization's financial records and internal controls.

INDEPENDENT ACCOUNTANT’S REPORT

To Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

We have examined the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area’s compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2015. Management is responsible for the Organization’s compliance with those requirements. Our responsibility is to express an opinion on the Organization’s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Organization’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Organization’s compliance with specified requirements.

In our opinion, the Organization complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

This report is intended solely for the information and use of the Organization and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

Communication with Those Charged with Governance

To Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

We have audited the financial statements of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area for the year ended September 30, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and Government Auditing Standards, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Organization are described Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus.

All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There are no sensitive estimates affecting the Organization's financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There are no sensitive disclosures affecting the financial statements.

Difficulties Encountered In Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements identified during our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that
could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 17, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Governing Board and management of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

STAFF RECOMMENDATION

Recommend the appointment of Commissioner Todd Chase to represent the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area as a member of the North Central Florida Regional Planning Council Audit Committee.

BACKGROUND

In order to reduce the cost of the audit each year, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area works with the North Central Florida Regional Planning Council to jointly select an auditor to prepare its audit. In the past, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area’s Secretary-Treasurer has been recommended to serve on the Planning Council Audit Committee. Therefore, it is recommended that the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area recommend the appointment of Commissioner Todd Chase to represent the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area on the Planning Council Audit Committee.

RECOMMENDATION:

Adopt the budget for Fiscal Year 2016-17 as recommended by staff.

BACKGROUND:

As you know, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area adopts the Unified Planning Work Program which outlines the anticipated transportation planning expenditures each year for the period beginning on July 1 and ending on June 30. However, since the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is a governmental entity under Florida state law, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area fiscal year begins on October 1. Consequently, a fiscal year budget needs to be adopted for the period October 1 to September 30.

SUBJECT: Advanced Transportation Congestion Management Technology Deployment Grant Program - Florida Department of Transportation Interstate 75 Application - Letter of Support

STAFF RECOMMENDATION

Ratify the Chair signing and staff submission of a letter of support (Exhibit 1) for an Advanced Transportation Congestion Management Technology Deployment Grant Program application by the Florida Department of Transportation for an Interstate 75 Florida’s Regional Advanced Mobility Elements project.

BACKGROUND

On June 10, 2016, the Florida Department of Transportation Central Office staff and its consultants met with the Intelligent Transportation System Consortium to discuss the Department’s application for a federal grant to provide additional Intelligent Transportation System technology to Interstate 75 and urban arterials within the Gainesville Metropolitan Area. At this meeting, the Department asked for a letter of support for the project from the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

The deadline for applying for these funds was prior to the June 27, 2016 Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting date. The Chair signed a letter of support in order for the Florida Department of Transportation to submit the application to the United States Department of Transportation, Federal Highway Administration by the application deadline.

RE: Advanced Transportation Congestion Management Technology Deployment Grant Program
Florida Department of Transportation Interstate 75 Application - Letter of Support

Dear Secretary Foxx:

Please accept this letter of support for the 2016 Advanced Transportation Congestion Management Technology Deployment grant application submitted by the Florida Department of Transportation for Interstate 75 Florida's Regional Advanced Mobility Elements project to operate and manage multimodal integrated corridor management.

The Gainesville Metropolitan Area is directly impacted by both daily congestion and incident-related congestion on Interstate 75. When incidents occur on Interstate 75 blocking lanes or closing one direction of travel, arterials within the Gainesville Metropolitan Area are saturated with cars and trucks trying to find a way around the delay. This detoured traffic causes additional congestion, delay, safety and environmental problems within the Gainesville Metropolitan Area.

The Interstate 75 Florida's Regional Advanced Mobility Elements project directly supports implementation of multimodal mobility, safety and traffic management strategies described in the Year 2040 Long Range Transportation Plan. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area acknowledges the goals and technology applications envisioned for the Interstate 75 Florida's Regional Advanced Mobility Elements project are consistent with the Year 2040 Long Range Transportation Plan principles and strategies. This project will also supplement intelligent transportation system technology already deployed within the Gainesville Metropolitan Area.

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is prepared to cooperate with the Florida Department of Transportation in the development and implementation of this project for the mutual benefit of travelers on Gainesville Metropolitan Area arterials and on Interstate 75. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is also prepared to amend its Transportation Improvement Program as needed to implement this project.

Thank you for your consideration of the Advanced Transportation Congestion Management Technology Deployment grant application from Florida Department of Transportation. If you have any questions concerning this matter, please contact Scott Koons, Executive Director, at 352.955.2200, extension 101.

SUBJECT: Shared-Use Network Trail Program Applications

STAFF RECOMMENDATION

Ratify the Chair signing and staff submission of Shared-Use Network Trail Program applications for the construction of multi-use paths on:

1. Tower Road from SW 26th Place to SW 8th Avenue (Exhibit 1); and
2. Archer Road from SW 76th Court to SW 43rd Street (Exhibit2).

BACKGROUND

The Florida Shared-Use Nonmotorized Trail Network is a recently established program authorized under Section 339.81, Florida Statutes. The Florida Department of Transportation is directed to make use of its expertise in efficiently providing transportation projects to develop a statewide system of paved non-motorized trails as a component of the Florida Greenways and Trails System. This new funding source for multi-use paths is restricted to eligible Shared-Use Nonmotorized Trail Network corridors.

The Tower Road from SW 26th Place to SW 8th Avenue is designated as Priority One and Archer Road from SW 76th Court to SW 43rd Street is designated as Priority Two in the draft Fiscal Years 2017-18 to 2021-22 List of Priority Projects that is being considered at the June 27, 2016 meeting.

Alachua County prepared the applications for Tower Road and Archer Road projects. As part of the application process, Alachua County agreed to be the managing entity and provide maintenance for these facilities.

The deadline for applying for these funds was prior to the June 27, 2016 Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting date. The Chair signed the applications in order for them to be submitted to the Florida Department of Transportation by the application deadline.

PART I - ELIGIBILITY CRITERIA

Projects must meet all of the eligibility criteria to receive consideration for SUN Trail funding. SUN Trail will only fund paved multi-use trails.

1. Will the project be developed as a paved multi-use trail within the Florida Department of Environmental Protection, Florida Greenways and Trails System (FGTS) Priority Land Trail Network and the SUN Trail Network?
   - Yes  No

2. Is the project identified as a priority by the applicable jurisdiction(s)? If the project is within a boundary of a Metropolitan/Transportation Planning Organization (MPO), it must be a MPO priority. Projects outside of an MPO boundary must be identified as a priority of the county (inclusive of their municipalities), tribal government, and federal or state-managing agency. Attach the prioritization list and complete Part V.
   - Yes  No

Indicate the priority number of the project: 1

3. Has an entity formally committed to operation and maintenance of the project? Complete and sign Part VI (CERTIFICATION OF WILLING MANAGER).
   - Yes  No

4. Is the project consistent with the applicable comprehensive plan(s) or the long-term management plan(s)?
   - Yes  No

Indicate the type of plan(s) and date(s) of adoption. Alachua County Comprehensive Plan 2011-2030

Do not proceed to Part II if the project resulted in a “no” response in Part I.

PART VI – CERTIFICATION OF WILLING MANAGER(S)

The managing entity will provide routine regular maintenance, is responsible for the daily upkeep and operation of the trail to protect users, will reduce safety hazards that occur, and will ensure a quality level of service is maintained on the facility. Projects traversing multiple jurisdictional boundaries may have multiple managers. Submit the Certification of Willing Manager(s) for all proposed trail segments.

Routine Maintenance: Involves the day-to-day upkeep of a trail. Activities may consist of litter pick-up, trash removal, debris removal, soil and weed control, maintenance of drainage, graffiti removal, mowing, sweeping, sign replacement, shrub trimming and other regularly scheduled maintenance activities.

- For FDOT Constructed Trails Inside of FDOT ROW – FDOT will maintain the pavement and any bridge structures for a trail in its ROW, and will apply normal roadway maintenance standards such as mowing and litter control to the entire ROW inclusive of the trail. Beyond this, a local sponsor/agency will enter into a maintenance agreement with the department to undertake all other trail maintenance. The area of responsibility will be the footprint of the trail within FDOT ROW as defined by the District. The local agency/sponsor will be responsible for any mowing and litter control above FDOT roadway standards and maintenance of trail specific facilities, drainage, and features such as ornamental landscaping, wayside areas, benches, litter receptacles, and restrooms. The local sponsor/agency will be identified prior to programming the PD&E phase. The maintenance agreement detailing the full maintenance requirements of that entity must be executed prior to letting for construction.

- For FDOT Constructed Trails Outside of FDOT ROW – Trails that are constructed outside of FDOT ROW shall be maintained by an entity other than FDOT. The department will enter into an agreement or other form of documented commitment to ensure that a local sponsor/agency is committed to long-term trail maintenance. The local sponsor/agency will be responsible for all trail operation and maintenance needs which includes routine pavement and bridge structure repair, drainage, litter control, sweeping, vegetation management, and the maintenance of trail specific facilities and features such as ornamental landscaping, wayside areas, benches, litter receptacles, and restrooms.

PART I – ELIGIBILITY CRITERIA

Projects must meet all of the eligibility criteria to receive consideration for SUN Trail funding. SUN Trail will only fund paved multi-use trails.

1. Will the project be developed as a paved multi-use trail within the Florida Department of Environmental Protection, Florida Greenways and Trails System (FGTS) Priority Land Trail Network and the SUN Trail Network?

   - Yes  
   - No

2. Is the project identified as a priority by the applicable jurisdiction(s)? If the project is within a boundary of a Metropolitan/Transportation Planning Organization (MPO), it must be a MPO priority. Projects outside of an MPO boundary must be identified as a priority of the county (inclusive of their municipalities), tribal government, and federal or state-managing agency. Attach the prioritization list and complete Part V.

   - Yes  
   - No

   Indicate the priority number of the project: 2

3. Has an entity formally committed to operation and maintenance of the project? Complete and sign Part VI (CERTIFICATION OF WILLING MANAGER).

   - Yes  
   - No

4. Is the project consistent with the applicable comprehensive plan(s) or the long-term management plan(s)?

   - Yes  
   - No

   Indicate the type of plan(s) and date(s) of adoption. Alachua County Comprehensive Plan 2011-2030

   Do not proceed to Part II if the project resulted in a “no” response in Part I.

BACKGROUND

Federal law and regulation requires the Florida Department of Transportation and the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to jointly certify each year the transportation planning process for the Gainesville Metropolitan Area, concurrent with the submittal of the five-year Transportation Improvement Program.

A joint review meeting with the Florida Department of Transportation was held on April 20, 2016. As a result of this meeting and documentation submitted by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, the Florida Department of Transportation has recertified the metropolitan transportation planning process and has not identified any recommendations or corrective actions. Exhibit 1 is a signed copy of the Joint Certification Statement.

Re: Joint Certification Statement on the Metropolitan Transportation Planning Process

Dear Mr. Koons,

I am enclosing one (1) copy of the Joint Certification Statement on the Metropolitan Transportation Planning Process, signed by District Secretary Greg Evans. With his signature, in addition to the signature of Chair of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (MTPO), Ms. Helen Warren, this document is now fully executed. The executed Statement can now be included in the Joint Certification report and the Unified Planning Work Program, as defined in the Department’s MPO Program Management Handbook.

I am retaining one (1) executed copy for the District’s files.

If you have any questions please call me at (904) 360.5684.

BACKGROUND

At its May 2, 2016 meeting, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area discussed the Northwest 39th Avenue (State Road 121) at Northwest 83rd Street intersection with a representative of the developer, Alachua County staff and Florida Department of Transportation staff. During this discussion, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approved a motion to

"Authorize the Chair to send a letter asking the Florida Department of Transportation if there was any possible state funding, such as safety funds, for signal replacement for the NW 39th Avenue (State Road 222) at NW 83rd Street intersection." (see Exhibit 1)

Greg Evans, Florida Department of Transportation District 2 Secretary, has responded to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area request concerning this matter. In his letter (see Exhibit 2), he states that the intersection has been evaluated and that reconstruction of the traffic control signal would be potentially eligible for Highway Safety Improvement Program funds. He also states that funding for design could occur in 2019 and funding for construction could occur in 2021.

Mr. Greg Evans, P. E., District 2 Secretary  
Florida Department of Transportation  
1109 South Marion Avenue  
Lake City, FL 32025-5847

RE: NW 39th Avenue (State Road 222) at NW 83rd Street Intersection

Dear Secretary Evans:

At its May 2, 2016 meeting, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area discussed the NW 39th Avenue (State Road 222) at NW 83rd Street intersection as it related to the access/egress to the new residential development, Park Avenue, currently under construction in the southeast quadrant of the intersection. A proposed modification to add an additional northbound left turn lane necessitates replacement of the strain-poles that are non-compliant with current standards.

Following this discussion, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area moved to:

"Authorize the Chair to send a letter asking the Florida Department of Transportation if there was any possible state funding, such as safety funds, for signal replacement for the NW 39th Avenue (State Road 222) at NW 83rd Street intersection."

If you have any questions concerning this matter, please do not hesitate to contact Scott Koons, AICP, Executive Director at 352.955.2200, extension 101.

Sincerely,

Helen K. Warren, Chair  
Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

RE: NW 39th Avenue [SR 222] at NW 83rd Street Intersection

Dear Chair Warren:

Thank you for your May 17, 2016 letter regarding the traffic signal at the intersection of SR 222 and NW 83rd Street. The Department’s Traffic Operations Safety Office has evaluated the crash data at this location and determined that the reconstruction of the traffic control signal would potentially be eligible for Highway Safety Improvement Funds [HSIP]. The earliest the funds for the design would be available is 2019. If right of way is not required, construction could begin as early as 2021. The reconstructed signal can be designed to accommodate a future northbound right turn lane on NW 83rd Street. However, the turn lane is not eligible for HSIP funding and would need to be constructed by the County.

If you have any additional questions, please contact Rodney Cooper, District Traffic Safety Program Engineer, at 904-360-5629 or rodney.cooper@dot.state.fl.us

Sincerely,

Greg Evans  
District Two Secretary

FROM: Scott R. Koons, AICP, Executive Director
SUBJECT: Dr. Kermit Sigmon Citizen Participation Award - 2015

STAFF RECOMMENDATION

Present the Dr. Kermit Sigmon Citizen Participation Award to Marlie Sanderson.

BACKGROUND

In 1997, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approved the annual Dr. Kermit Sigmon Citizen Participation Award. This award is presented each year to someone, selected by the Citizen Advisory Committee, to be recognized for their contribution to the community's transportation planning process. The recipient this year is Marlie Sanderson.

FROM: Scott R. Koons, AICP, Executive Director

SUBJECT: Citizens Advisory Committee Vacant Position

MTPO STAFF RECOMMENDATION

Fill one vacant position on the Citizens Advisory Committee for a term ending December 2016.

BACKGROUND

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area needs to fill one vacant position on the Citizens Advisory Committee. This vacancy is due to the resignation of Kamal Latham. There is one candidate for the vacant position.

Note: According to Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Bylaws, “no more than 20 percent of the membership of the Citizens Advisory Committee shall be composed of individuals residing outside the Gainesville Urbanized Area.” The current applicant resides within the Gainesville Urbanized Area.

ENCLOSED MATERIALS

Attached please find:

1. Exhibit I which lists the names and occupations of current Citizens Advisory Committee members and the applicant;

2. Exhibit II which shows where current Citizens Advisory Committee members and the applicant live; and

5. The current application.
CITIZENS ADVISORY COMMITTEE MEMBERSHIP - FLORIDA STATUTES

339.175(5)(6)(e)1 "Each M.P.O. [Metropolitan Planning Organization] shall appoint a citizens’ advisory committee, the members of which serve at the pleasure of the M.P.O. [Metropolitan Planning Organization]. The membership on the citizens’ advisory committee must reflect a broad cross section of local residents with an interest in the development of an efficient, safe, and cost-effective transportation system. Minorities, the elderly, and the handicapped must be adequately represented."

CITIZENS ADVISORY COMMITTEE MEMBERSHIP BYLAWS

The Citizens Advisory Committee shall be composed of fifteen (15) members. No more than twenty percent (20) of the membership of the Citizens Advisory Committee shall be composed of individuals residing outside the Gainesville Urbanized Area.

Citizens Advisory Committee members shall not be elected officials or technical personnel directly involved in transportation planning.

Note: There is no policy regarding how many times a member may serve on the Committee.

VOTING PROCEDURE

The voting policy that was approved in October, 2001 is to appoint Advisory Committee members by voice roll-call vote and, when there are several vacant positions to fill, also fill out ballots and submit them to staff for tabulation.

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area
FROM: Scott R. Koons, AICP, Executive Director
SUBJECT: Transportation Improvement Program for Fiscal Years 2016-17 to 2020-21

JOINT RECOMMENDATION

The Bicycle/Pedestrian Advisory Board, Citizens Advisory Committee Technical Advisory Committee recommend that the Metropolitan Transportation Planning Organization approve the Fiscal Years 2016-17 to 2020-21 Transportation Improvement Program.

ADDITIONAL TECHNICAL ADVISORY COMMITTEE RECOMMENDATION

The Technical Advisory Committee recommends that the Metropolitan Transportation Planning Organization request that the Florida Department of Transportation, City of Gainesville and the University of Florida coordinate the implementation of the following projects:

- SW 13th Street at Archer Road Traffic Signal Update (4358911);
- Archer Road Landscaping Project (4359291); and
- Archer Road Campus Development Agreement-funded modifications.

STAFF RECOMMENDATION

Approve the Fiscal Years 2016-17 to 2020-21 Transportation Improvement Program and request that the Florida Department of Transportation, City of Gainesville and the University of Florida coordinate the implementation of the following projects:

- SW 13th Street at Archer Road Traffic Signal Update (4358911);
- Archer Road Landscaping Project (4359291); and
- Archer Road Campus Development Agreement-funded modifications.

BACKGROUND

Attached please find a draft copy of the Fiscal Years 2016-17 to 2020-21 Transportation Improvement Program. The Transportation Improvement Program is a staged implementation program of transportation projects consistent, to the maximum extent feasible, with adopted comprehensive plans of Alachua County and the City of Gainesville.
Exhibit 1 is a copy of the advertisement that appeared in The Gainesville Sun and in The Independent Florida Alligator on Thursday, June 2, 2016. A full color copy of the draft Transportation Improvement Program may be viewed at the following website:

Authorization of Funds

The Transportation Improvement Program is the most important document that is approved annually by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. In order for federal and state transportation funds to be spent in the Gainesville Metropolitan Area, they must be approved by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area and included in this document.

SUBJECT: List of Priority Projects for Fiscal Years 2017-18 to 2021-22

JOINT RECOMMENDATION

The Bicycle/Pedestrian Advisory Board, Citizens Advisory Committee and Technical Advisory Committee recommend that the Metropolitan Transportation Planning Organization approve the Fiscal Years 2017-18 to 2021-22 List of Priority Projects.

ADDITIONAL TECHNICAL ADVISORY COMMITTEE RECOMMENDATION

The Technical Advisory Committee suggests that, if safety-funded projects are included in future years of the List of Priority Projects, the Metropolitan Transportation Planning Organization should use the Alachua County Traffic Safety Team to develop safety-funded project priority recommendations.

STAFF RECOMMENDATION

Approve the Fiscal Years 2017-18 to 2021-22 List of Priority Projects and, if safety-funded projects are included in future years of the List of Priority Projects, the Metropolitan Transportation Planning Organization should use the Alachua County Traffic Safety Team to develop safety-funded project priority recommendations.

BACKGROUND

Each year, the Metropolitan Transportation Planning Organization develops recommended transportation priorities for projects that are needed, but not currently funded (or fully-funded). This information is used by the Florida Department of Transportation each fall to develop its Tentative Five Year Work Program. A full color copy of the draft List of Priority Projects can be viewed at the following website link:

In previous years when safety projects were included in the List of Priority Projects, the Metropolitan Transportation Planning Organization used the Alachua County Traffic Safety Team to develop safety fund project priority recommendations.

SUBJECT: Public Involvement Plan Update

JOINT RECOMMENDATION

The Bicycle/Pedestrian Advisory Board, Citizens Advisory Committee and staff recommend that the Metropolitan Transportation Planning Organization approve the revised Public Involvement Plan.

BACKGROUND

Each year, the Public Involvement Plan is reviewed, and revised if necessary, in order to ensure that the planning program provides for a proactive public involvement process. In addition to the revisions due to the passage of the federal Fixing America’s Surface Transportation Act, the draft Public Involvement Plan this year includes one substantive revision- the modification of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting agenda items and workshops commencing at 5:00 p.m. or later as stated on page 33.

SUBJECT: Citizens Advisory Committee Advisory Role to Alachua County and the City of Gainesville

CITIZENS ADVISORY COMMITTEE RECOMMENDATION

The Citizens Advisory Committee requests that the Metropolitan Transportation Planning Organization advise the Alachua County Board of County Commissioners and the City of Gainesville City Commission that as in the past, the Citizens Advisory Committee is willing to act again as their citizens advisory committee on matters concerning local transportation issues.

BACKGROUND

At its June 15, 2016 meeting, the Citizens Advisory Committee discussed its role as an advisory body to the Alachua County Board of County Commissioners and the City of Gainesville City Commission on local transportation issues. In the past, both the Alachua County Board of County Commissioners and the City of Gainesville City Commission referred selected local transportation issues to the Citizens Advisory Committee for comments and recommendations.

TO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area
FROM: Scott R. Koons, AICP, Executive Director
SUBJECT: Interstate 75 Relief Task Force

STAFF RECOMMENDATION

Authorize the Chair to sign a letter to the Interstate 75 Relief Task Force with a recommendation that the Interstate 75 Relief Task Force include in its report to the Florida Department of Transportation:

1. recommendations that are consistent to the maximum extent feasible with the Alachua County and City of Gainesville comprehensive plans and Year 2040 Long Range Transportation Plan; and

2. a recommendation to amend state statutes to enable the Florida Department of Transportation to allocate State Highway System/Strategic Intermodal System funds to projects on local-maintained facilities that provide congestion relief to adjacent State Highway System/Strategic Intermodal System facilities.

BACKGROUND

The purpose of the Interstate 75 Relief Task Force is to provide consensus recommendations on maximizing existing and developing new high-capacity transportation corridors to serve the Tampa Bay-Northeast Florida study area with initial emphasis on the region west of Interstate 75. The Task Force includes representatives from state agencies, local governments, regional planning councils, private landowners, environmental organizations, business and economic development interests, and members of the public.

During the development of the Year 2040 Long Range Transportation Plan, the Metropolitan Transportation Planning Organization sent a letter asking the Florida Department of Transportation to consider spending state funds on local facility projects that would provide congestion relief to adjacent State Highway System/Strategic Intermodal System. The Florida Department of Transportation responded that legislation restricts the spending of state funds to state-maintained facilities (see Exhibit 1 and 2). Exhibit 3 shows Interstate 75 Relief Task Force draft recommendations.

Refined Framework for Enhanced and New Corridors
I-75 Relief Agency Coordination Meeting

Presented by:
Sunsera Dalton  John Kaliski
CH2M Cambridge Systematics, Inc

NOTE: Information is preliminary and subject to change
JUNE 8, 2016

Charge: Produce “First Draft” of a Future Transportation System

- Task Force Charge
  - Recommend a range of alternatives (options) for accomplishing the purpose and need
    - maximizing the use of existing transportation facilities and developing new transportation facilities
    - consideration of multiple modes (such as highways, passenger and freight rail, and trails) and multiple uses (such as utilities, pipelines, and other linear infrastructure)
  - Recommend corridors to be incorporated into regional and local long-range plans and to be advanced to future phases of project development.
Two Overarching Purposes

- Provide relief to Interstate 75 and improve mobility in Initial Focus Area

- Enhance regional connectivity between Tampa Bay and Northeast Florida

Preliminary Framework for Enhanced and New Transportation Corridors

- Continue to optimize existing transportation corridors
  - Short-term (Generally less than 10 years for implementation)

- Evaluate potential enhancements to or transformation of existing transportation corridors
  - Mid-term (Generally 10 – 20 years for implementation)

- Evaluate potential areas of opportunity for new multimodal, multiuse corridors
  - Long-term (Generally more than 20 years for implementation)
Short-term: Continue strategies to *optimize existing transportation corridors*

- Operational solutions
- Regional and local roads and transit systems parallel to I-75

Short-term: Continue strategies to *optimize existing transportation corridors*

- Improve freight operations
- Intercity bus or rail services
Mid-term: Potential enhancements to or transformation of existing transportation corridors

- Existing Corridors
  - I-75
  - U.S. 41
  - U.S. 301
  - CSX S-Line

I-75: Future Potential Strategies

- Evaluate capacity
- Improve safety, efficiency and reliability
- Evaluate feasibility of truck-only lanes and/or express lanes
U.S. 41: Future Potential Strategies

- **Preserve the function** and, where needed, evaluate opportunities to **improve the capacity** of U.S. 41 from Columbia to Hernando counties
  - Consider how U.S. 41 may provide relief to I-75 and serve mobility needs in Initial Focus Area

U.S. 301: Future Potential Strategies

- Evaluate the feasibility of **expanding the capacity** of U.S. 301 from Duval to Hernando counties
Rail: Future Potential Strategies

- Evaluate the feasibility of expanding freight rail capacity and connectivity, with emphasis of the CSX S-Line

Long-term: Evaluate areas of opportunity for new multimodal, multiuse corridors
Areas of Opportunity for New Corridors

- Evaluate long-term opportunities to create a *reliever corridor to the west of I-75*, including but not limited to a corridor from the northern terminus of the Suncoast Parkway 2 at S.R. 44 to I-75, considering:
  - use of existing regional roads and limited access toll segments
  - multiple modes and purposes

Areas of Opportunity for New Corridors

- Evaluate long-term opportunities for providing a *high-speed, high-capacity multimodal/multiuse corridor between Tampa Bay and Northeast Florida*, building on options identified in the Initial Focus Area.
Areas of Opportunity Development

- Areas of Opportunity for New Corridors
  - Identify starting point
    - Suncoast Parkway 2 at SR 44
  - Identify potential end areas along I-75
    - Southern Marion County
    - Central Marion County
    - Northern Alachua County
  - Identify approximate 5-mile wide swaths for future refinement to narrower corridors

Areas of Opportunity

- Land Suitability Map
  - Confirm avoidance areas and areas with highest concentration of environmental and community resources
  - Identify areas with potential for least environmental and community impacts
Areas of Opportunity

- Avoidance Areas Map
  - Task Force input to avoid/minimize impacts to avoidance areas to the east of I-75

Putting the Pieces Together

1. Continue to optimize existing transportation corridors
2. Evaluate potential enhancements to or transformation of existing corridors
3. Evaluate potential areas of opportunity for new multimodal, multiuse corridors
