# Introduction

THIS PAGE LEFT BLANK INTENTIONALLY

# **Chapter I: Introduction**

Each spring, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approves a five-year program for transportation system modification projects to be funded with federal, state and local funds. This five-year program is referred to as the Transportation Improvement Program.

The Transportation Improvement Program has the following three phases.

- Spring - The Metropolitan Transportation Organization for the Gainesville Urbanized Area approves priority lists for projects it wants Florida Department of Transportation to fund;
- Late Fall - The Florida Department of Transportation reports to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area what projects it proposes to fund; and
- Spring - The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area decides which federally-funded projects to approve.

## **A. Purpose of this Report**

This report develops a list of needed, but unfunded, transportation projects. The projects listed later in this report are determined by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to be necessary to effectively implement the adopted 2035 Long Range Transportation Plan, the *Livable Community Reinvestment Plan*. Projects selected for funding will be incorporated into the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **B. Methodology Used for Setting Priorities**

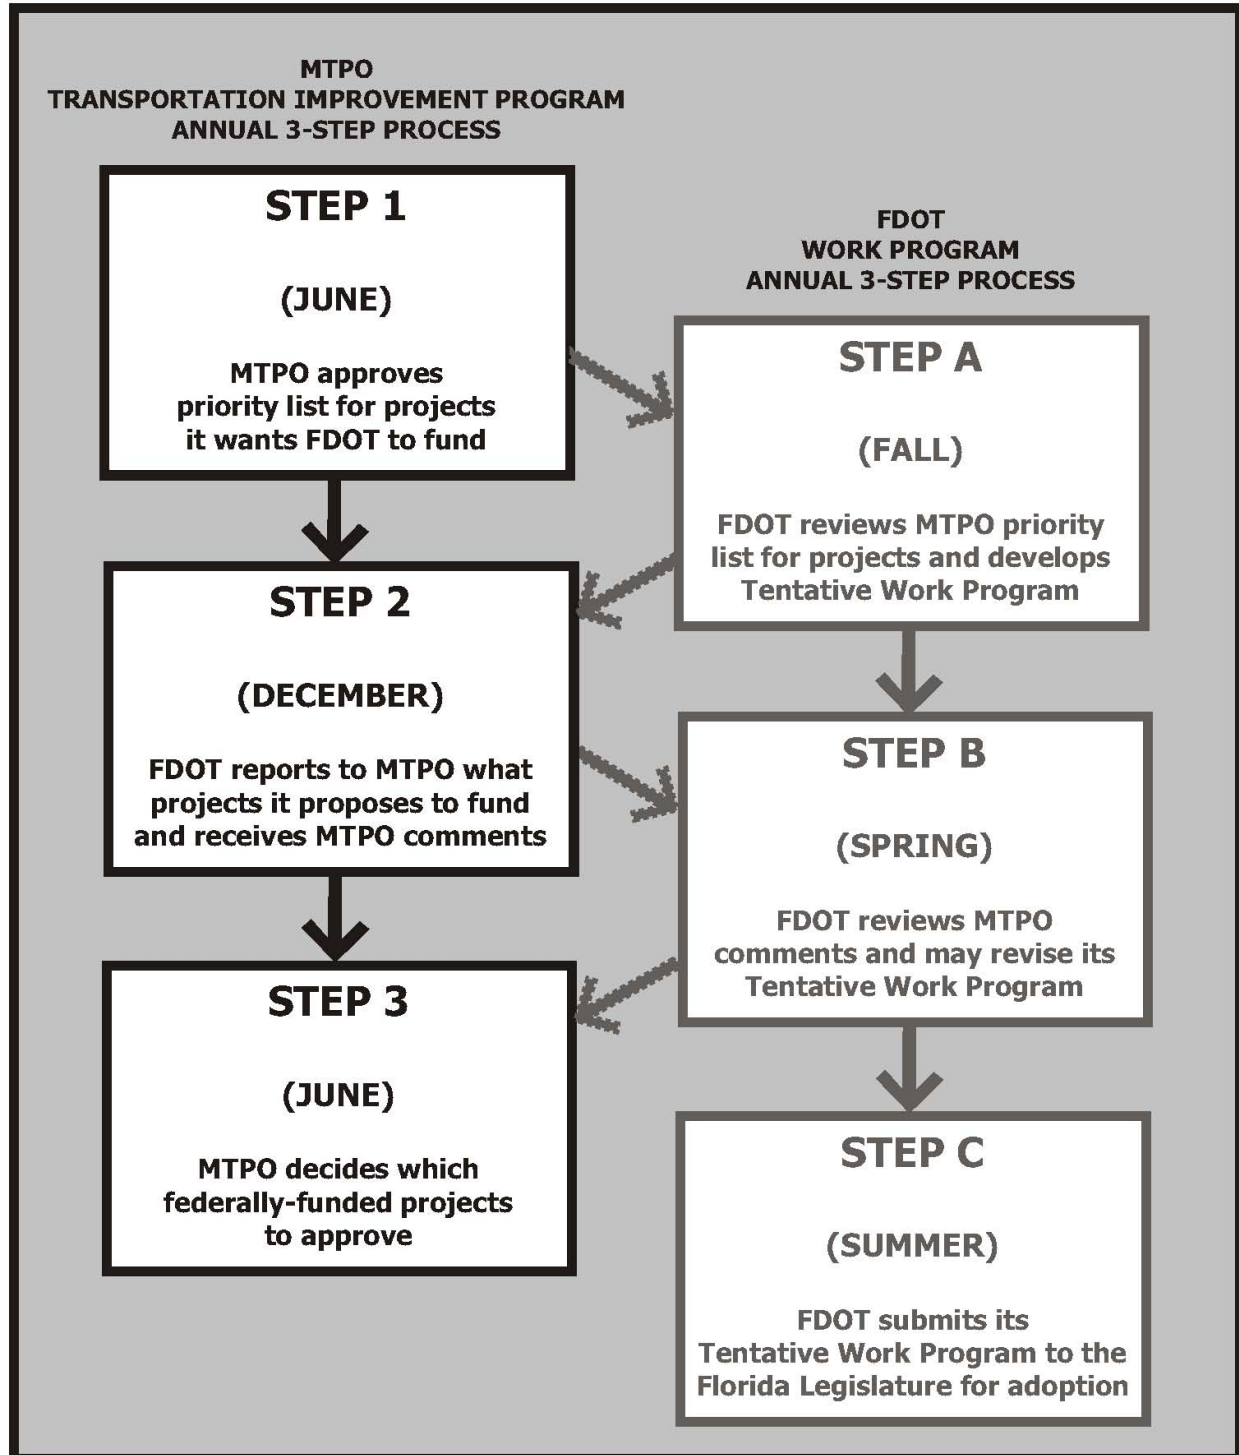

The following methodology has been used to establish the priorities contained in this report.

- March - Draft report distributed to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area advisory committees that identifies transportation priorities submitted last year and, of those, which ones were funded;
- May - The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area advisory committees develop recommended transportation priorities for the coming year; and
- June - The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approves transportation priorities for the coming year and submits a List of Priority Projects to the Florida Department of Transportation.

## **C. Development**

Section 134(f) of Title 23, United States Code states that, in developing transportation programs, metropolitan planning organizations shall consider the eight factors contained in Appendix A. These factors have been considered in the development of the project priorities contained in this report.

**Illustration I**

FDOT= Florida Department of Transportation  
MTPO= Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

t:\mike\tp\priorities\top1217\calendar.cdr

## **D. Transportation System Modifications Selected From the Gainesville Metropolitan Area 2035 Transportation Plan - The Livable Community Reinvestment Plan**

The transportation system modifications that have been identified as priorities from the adopted 2035 Long Range Transportation Plan, the *Livable Community Reinvestment Plan* are listed in the Public Transportation Priorities, Surface Transportation Program Fund Priorities and Traffic Operations Priorities project tables.

## **E. Relationship to the Management Systems**

The transportation priorities contained in this report are developed from available information from the management systems required for the Gainesville Metropolitan Area as in accordance with the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users. The congestion management system for the Gainesville Metropolitan Area was fully operational by October 1, 1997.

## **F. Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Urban Design Policies**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has, over the years, adopted various urban design and streetscape policies. These policies have been consolidated into a document entitled Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Urban Design Policy Manual. Therefore, unless otherwise stated within this List of Priority Projects document, all priority project recommendations shall be in conformance with the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Urban Design Policy Manual document.

## **G. Public Involvement and Service Equity**

Citizen involvement in the Transportation Improvement Program three-step process is promoted through the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Public Involvement Process which was developed and adopted pursuant to 23 Code of Federal Regulations 450.316(b)(1) requirements. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Public Involvement Plan describes a process to involve the public, including private transportation operators, in the transportation planning process, including the annual development of the Transportation Improvement Program, in accordance with Section 339.175(7), Florida Statutes. In addition, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Public Involvement Plan includes strategies to address service equity, including outreach to socio-economic communities that have traditionally been underrepresented in the transportation planning process. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area sponsors workshops and charrettes, as necessary, regarding projects in the Transportation Improvement Program.

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area provides local news media notification of meetings when the List of Priority Projects is scheduled for review and approval by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area and its advisory committees, thereby providing citizens an opportunity to participate in the development of the List of Priority Projects. To inform the general public and other interested persons who may want to review and comment on the List of Priority Projects, public notice is also provided through the Clerk of the City of Gainesville, who places meeting notices on City Community Calendar and in the local newspaper listing of public meetings of the week.

## **H. Freight Shippers**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area maintains a database of freight shippers that serve and/or are based in the Gainesville Metropolitan Area. Correspondence is sent to the freight shippers inviting them to participate in the development of the Transportation Improvement Program. Freight shippers are notified of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting dates when the List of Priority Projects and the Transportation Improvement Program documents are considered by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

## **I. Public Transportation Users**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area coordinates with Regional Transit System staff for public involvement in the development of the Transportation Improvement Program. The Regional Transit System Advisory Board provides input for transit projects to be included in the List of Priority Projects. In addition, Regional Transit System staff conducts transit forums to gather public input. The Alachua County Transportation Disadvantaged Coordinating Board, which includes public transportation users, provides input for transportation disadvantaged projects to be included in the List of Priority Projects. Each year, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area solicits input from the Regional Transit System and the Alachua County Transportation Disadvantaged Coordinating Board for projects to be included in the List of Priority Projects.

## **J. Safety and Security in the Transportation System Planning Process**

The Florida Department of Transportation supports a network of Community Traffic Safety Teams. These Teams are comprised of state and local technical expertise for transportation system management and planning, public safety, including police and fire personnel, and education. In addition to a Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area representative, the Alachua County Traffic Safety Team is comprised of representatives from:

<b>State of Florida</b>	<b>Alachua County</b>	<b>City of Gainesville</b>
Florida Department of Transportation	Fire Rescue	Fire Rescue
Florida Highway Patrol	School Board	Police Department
University of Florida T <sup>2</sup> Center	Sheriff's Office	Public Works Department
UF Facilities Planning & Construction	Public Works Department	-

UF = University of Florida

T<sup>2</sup> = Technology Transfer

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area receives Alachua County Traffic Safety Team recommendations for safety-funded projects in the List of Priority Projects. Currently, the focus of transportation system security is on airport facilities.

## **Chapter II: Project Priorities**

### **A. Bicycle/Pedestrian Enhancement Priorities**

Table 1A identifies enhancement-funded bicycle/pedestrian project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program. Table 1B identifies Alachua County-maintained facility bicycle/pedestrian project priorities. Table 1C identifies City of Gainesville-maintained facility bicycle/pedestrian project priorities.

### **B. Capacity/Multimodal Priorities**

Table 2A identifies State Highway System capacity/multimodal project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program. Table 2B identifies Alachua County-maintained facility capacity/multimodal project priorities. Table 2C identifies City of Gainesville-maintained capacity/multimodal project priorities.

### **C. Intelligent Transportation System Priorities**

Table 3 identifies intelligent transportation system project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

### **D. Landscaping Priorities**

Table 4 identifies landscaping project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

### **E. Project, Development and Environment Study Priorities**

Table 5A identifies State Highway System Project Design and Environment study project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program. Table 5B identifies Alachua County-maintained facility Project Design and Environment study project priorities. Table 5C identifies City of Gainesville-maintained facility Project Design and Environment study project priorities.

### **F. Public Transportation Priorities**

Table 6 identifies public transportation project priorities. This category includes: commuter assistance projects; intermodal facility projects; park-and-ride facility projects; railroad right-of-way projects; and transit system projects for the Fiscal Years 2013-14 to 2017-18.

### **G. Right-of-Way Priorities**

Table 7A identifies State Highway System Right-of-way project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program. Table 7B identifies Alachua County-maintained facility Right-of-way project priorities. Table 7C identifies City of Gainesville-maintained facility Right-of-way project priorities.

## **H. Safe Routes to School Priorities**

Table 8 identifies transportation safe routes to school project priorities developed by the School Board of Alachua County staff, Bicycle/Pedestrian Advisory Board and Alachua County Traffic Safety Team for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **I. Safety Priorities**

Table 9 identifies transportation safety project priorities developed by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Technical Advisory Committee and Alachua County Traffic Safety Team for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **J. Strategic Intermodal System Priorities**

Table 10 identifies Strategic Intermodal System project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **K. Surface Transportation Program Fund Priorities**

Table 11 identifies Surface Transportation Program-eligible capacity modification priorities. This category includes: bicycle facility projects; Non-State resurfacing projects; pedestrian facility (including school safety concern) projects; road construction and reconstruction projects; streetlighting; and additional public transportation, traffic operations and transportation disadvantaged projects for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **L. Traffic Operations Priorities**

Table 12A identifies State Highway System traffic operations project priorities. Table 12B identifies local facility traffic operations project priorities. This category includes: congestion management system projects; intelligent transportation system projects; and intersection modification projects for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **M. Transit Corridor Development Priorities**

Table 13 identifies transit corridor development project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **N. Transportation Disadvantaged Priorities**

Table 14, Table 15, Table 16, Table 17 and Table 18 identify transportation disadvantaged project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

## **O. Transportation Regional Incentive Program Priorities**

Table 19 identifies Transportation Regional Incentive Program project priorities for the Fiscal Years 2013-14 to 2017-18 Transportation Improvement Program.

<b>1</b>	Traffic Management System- Phase V- Interstate 75	FM: Marion County line TO: Columbia County line	A. Add Dynamic Message Signs to alert motorists of traffic conditions and travel times.  B. Add pan-tilt-zoom traffic surveillance cameras for active traffic management of the freeway. This allows operators at the Gainesville Traffic Management Center to alert motorists of existing conditions using Dynamic Message Signs and the 511 information hotline.  C. Add traffic detection technology so automated alerts can be sent to the Gainesville Traffic Management Center operators when highway speeds drop below a certain threshold as well as for highway traffic studies and travel time collection.
	Regional Transit System - Bus Priority System-	-	
<b>2</b>	A. Route 9- Archer Road [SR 24]	FM: SW 23 Terrace TO: SW 23 Drive	
	Route 9- Williston Road [SR 331]	FM: SW 25 Terrace TO: Williston Road [SR 331]	
	B. Route 20 - SW 34 Street [SR 121]	FM: SW 20 Avenue TO: Hull Road	
	C. Route 21 - SW 34 Street [SR 121]	FM: SW 20 Avenue TO: Hull Road	
	D. Route 35- Archer Road [SR 24]	FM: NW 13 Street [US 441] TO: Waldo Road [SR 24]	
	Route 35- SW 16 Avenue [SR 226]	FM: Archer Road [SR 24] TO: Shealy Drive	
	Route 35- SW 34 Street [SR 121]	FM: SW 35 Place TO: SW 16 Avenue [SR 226]	
	Route 35- SW 16 Avenue [SR 226]	FM: SW 34 Street [SR 24] TO: Waldo Road [SR 24]	
			Adding signal priority to heavily used bus routes for University of Florida students will make those routes more reliable, thus resulting in higher passenger capacity and fewer vehicles on the road.

**Intelligent Transportation System Priorities**  
**Fiscal Years 2013-14 to 2017-18**  
**(Gainesville Metropolitan Area/Countywide)**

Number	Project	Location	Description
<b>3</b>	Dynamic Message Signs on State Highway Arterials	-	Dynamic message on arterials will alert drivers of existing traffic conditions, alternate routes, detour routes in the event Interstate 75 is shut down, and travel times.
<b>4</b>	Expand Automated Arterial Travel Time System-		Expanding the Arterial Travel Time System will provide motorists with more real time information via Google map or Dynamic Message Signs for actual travel times to various spots in the urban area.
	A. W 13 Street [US 441]	FM: Williston Road [SR 331] TO: NW 39 Avenue [SR 222]	Motorists may be able to make a different route choice based on information they receive. The travel times can also be used for traffic studies to measure development-related impacts
	B. SW 34 Street [SR 121]	FM: Interstate 75 TO: NW 16 Avenue	
<b>5</b>	Travel Demand Management	AT: Gainesville Metropolitan Areawide	Information technologies project that addresses travel demand strategies, such as HOV lanes and other travel demand technologies.

**Table 9**  
**Safety Priorities**  
**Fiscal Years 2013-14 to 2017-18**  
**(within the Gainesville Metropolitan Area)**

<b>Number</b>	<b>Project</b>	<b>Location</b>	<b>Description</b>
<b>1</b>	SW 62 Boulevard	AT: NW 4 Place / Oaks Mall entrance	Access management*
<b>2</b>	Santa Fe College Area	Areawide	Traffic analysis on/off campus
<b>3</b> <i><b>Partially Funded</b></i>	<i>SW 20 Avenue</i>	<i>AT: SW 61 Street</i>	<i>Install eastbound left turnlane on SW 20 Avenue</i>
<b>4</b>	Hidden Oaks Elementary School Right Turnlane	AT: NW 23 Avenue / Fort Clarke Boulevard	Construct right turnlane into school
<b>5</b>	NW 13 Street [US 441]	AT: NW 6 Street [SR 20]	Realign intersection
<b>6</b>	University Avenue [SR 26]	AT: Waldo Road [SR 24]	Intersection modifications to enhance pedestrian/cyclist crossing consisting of: 1. adding Rail/Trail Signage to provide wayfinding and increase aesthetics 2. adding ladder striping to crosswalks 3. moving the stop bars further back 4. install a vegetative median on State Road 331 (Williston Road) at the State Road 26 (E. University Avenue) intersection
<b>7</b>	SW 34 Street [SR 121]	AT: Hull Road	Extend southbound left turnlane

Note: Projects in italic text are partially funded, as shown in the Transportation Improvement Program.

E = East

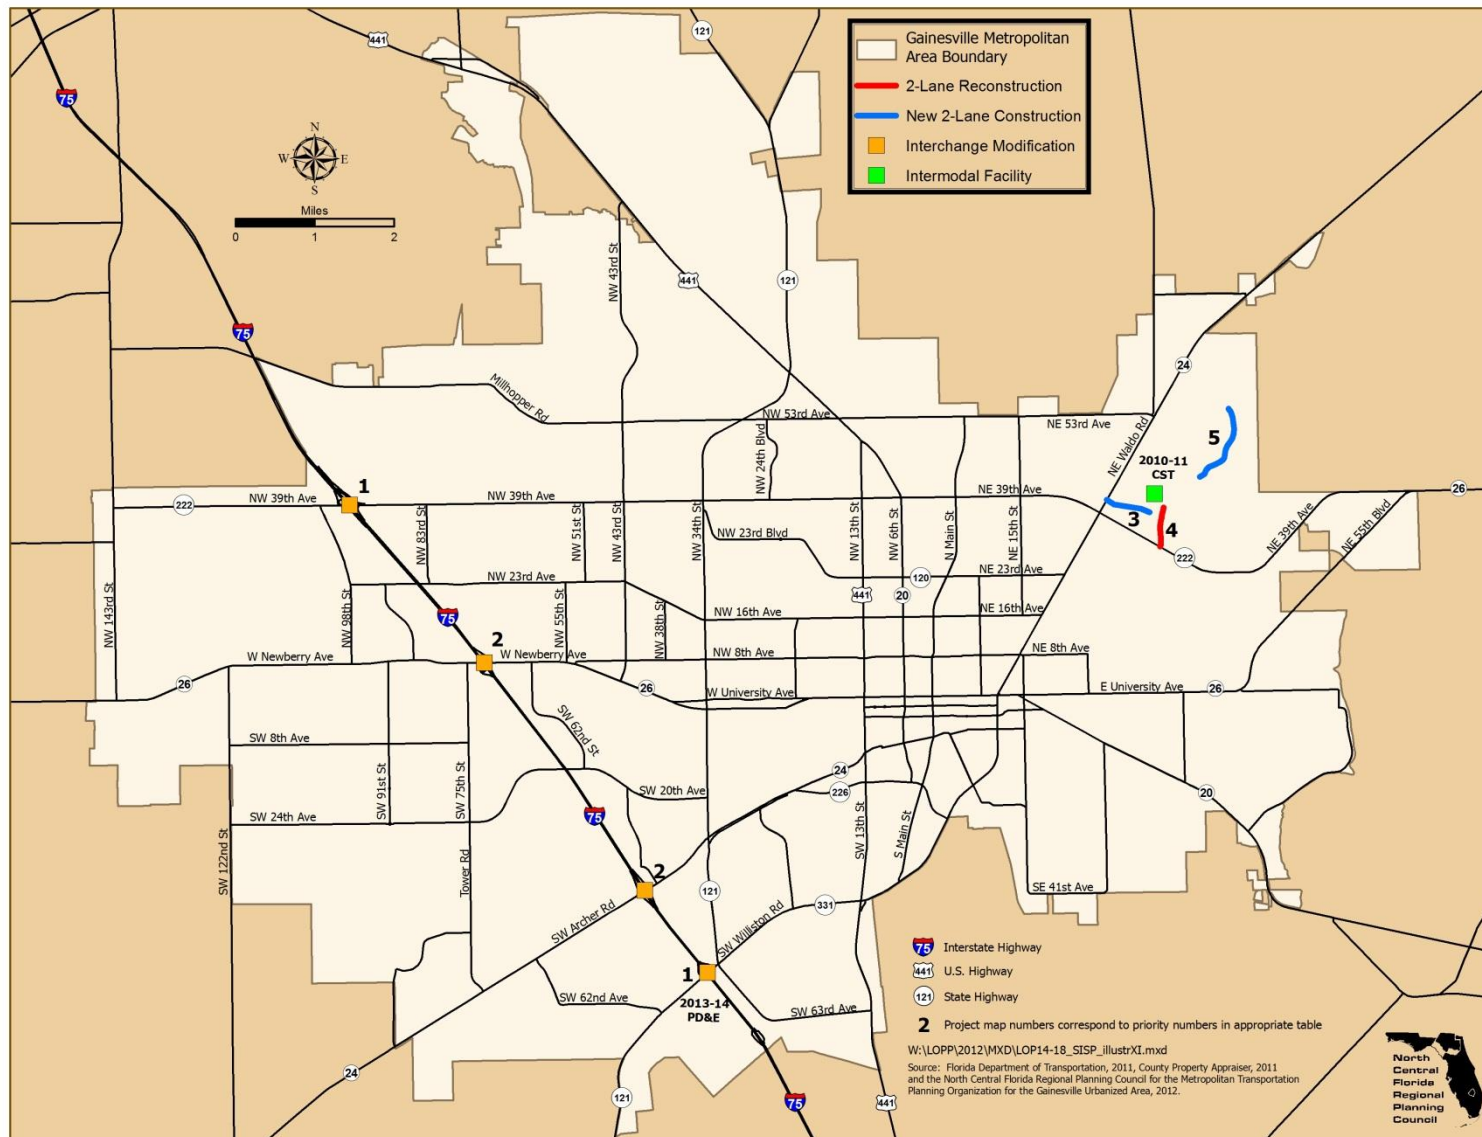

NW = Northwest

SW = Southwest

\*At this intersection, the observed major crash pattern is angle collisions involving southbound through and eastbound left-turning vehicles. Eastbound vehicles exiting the Oaks Mall fail to yield the right-of-way and collide with southbound vehicles. This type of crash accounted for 82% of all crashes at this intersection. Peak periods were observed between 1:00 pm to 2:00 pm and 5:00 pm to 6:00 pm. Therefore, explore the possibility of a raised median on NW 62 Boulevard to restrict turning movements, particularly eastbound left. Traffic exiting the Oaks Mall traveling towards north has several other exit options with signalized and non-signalized driveways along State Road 26/Newberry Road and a signalized driveway at NW 62 Street & NW 1 Place.

Initial Safety Priorities were developed by the Alachua County Traffic Safety Team.

## Project Priorities

**Table 10**  
**Strategic Intermodal System Priorities**  
**Fiscal Years 2013-14 to 2017-18**  
**(within the Gainesville Metropolitan Area)**

Number	Project	Location	Description
<b>1</b> <b>Partially</b> <b>Funded</b> <b>(PD&amp;E)</b>	Interstate 75 Interchange	AT: Williston Road [SR 121] AT: NW 39 Avenue [SR 222]	Interchange modifications per SIS Cost Feasible Plan
<b>2</b>	Interstate 75 Interchange	AT: Archer Road [SR 24] AT: Newberry Road [SR 26]	Interchange modifications per SIS Cost Feasible Plan
<b>3</b> <b>Partially</b> <b>Funded</b>	New gateway entrance to the Gainesville Regional Airport from Waldo Road [SR 24]	FM: Waldo Road [SR 24] TO: Airport Terminal  (north of N 39 Avenue [SR 222])	Ingress-egress to the airline terminal and modal connectivity to the north central Florida region
<b>4</b>	NE 39 Avenue [SR 222] access to airport	FM: NE 39 Avenue [SR 222] TO: Airport Terminal  (Gainesville Regional Airport)	Reconfigure ingress-egress, improve curb-and-gutter system, add bike lanes and sidewalks, install stormwater drainage, install traffic guidance system of signs and signals; and install bike lockers

**Table 10 (Continued)**  
**Strategic Intermodal System Priorities**  
**Fiscal Years 2013-14 to 2017-18**  
**(within the Gainesville Metropolitan Area)**

Number	Project	Location	Description
<b>5</b>	Extension of Airport Industrial Park Road	FM: Airport service road TO: NE 49 Road  (east end of Airport Industrial Park)	Extend existing service road to provide access to Waldo Road  (Extend existing access road through east end of Airport Industrial Park, from Waldo Road [SR 24])

- Notes: 1. Projects in italic text are partially funded, as shown in the Transportation Improvement Program.
2. Priorities #3, #4, and #5 listed above are endorsed by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area with the following conditions:
- A. Provided they do not compete with roadway capacity construction funding typically available from the Surface Transportation Program; and
  - B. With the understanding that these funds do not come from existing funds that could be used for other projects within the Gainesville Metropolitan Area.

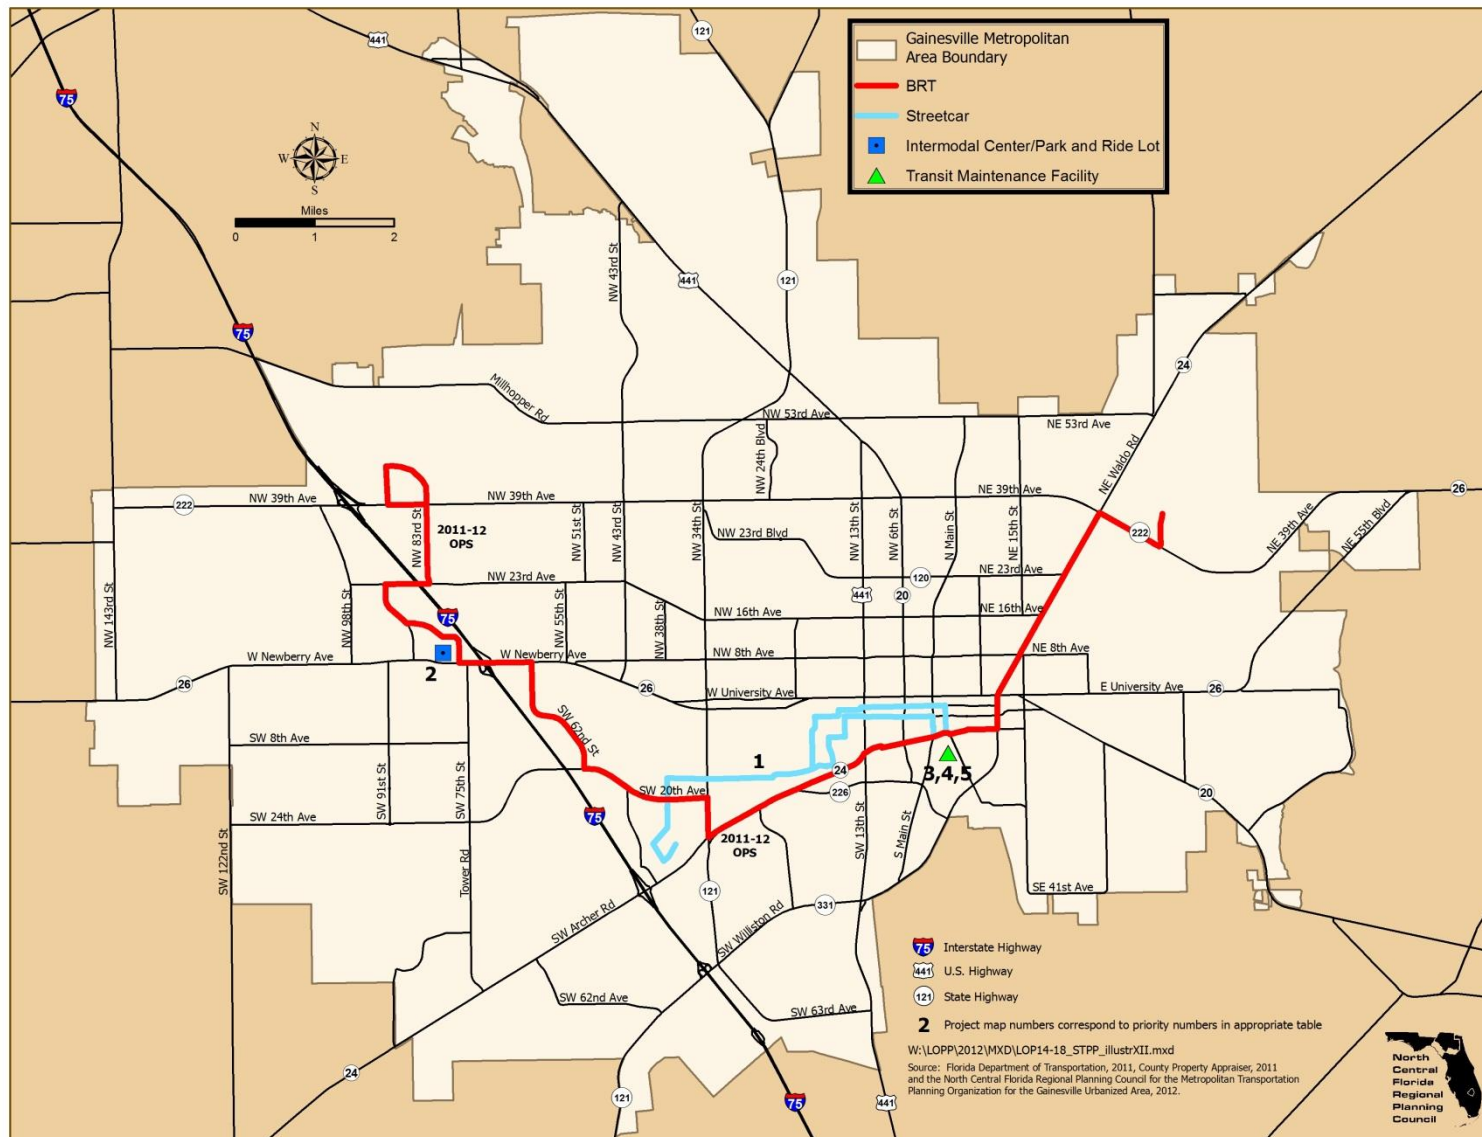

FM = From  
US = United States

SR = State Road

Initial Transit Corridor Development Priorities were developed by Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, based on the Regional Transit System Transit Development Plan.

**Table 14**  
**Transportation Disadvantaged Priorities - Transportation Disadvantaged Trust Fund**  
**Fiscal Years 2013-14 to 2017-18**  
**(Alachua County Areas Outside of the Gainesville Metropolitan Area)**

<b>Number</b>	<b>Project</b>	<b>Location</b>	<b>Description</b>
<b>1</b>	Provision of paratransit trips for vital medical purposes (dialysis, cancer care).	Areas outside of the Gainesville Metropolitan Area	Provide paratransit trips to eligible individuals with state TD Trust Funds.
<b>2</b>	Provision of paratransit trips for medical purposes (doctor appointments, pharmacy, physical therapy).	Areas outside of the Gainesville Metropolitan Area	Provide paratransit trips to eligible individuals with state TD Trust Funds.
<b>3</b>	Provision of paratransit trips for employment purposes.	Areas outside of the Gainesville Metropolitan Area	Provide paratransit trips to eligible individuals with state TD Trust Funds.
<b>4</b>	Provision of paratransit trips for shopping purposes.	Areas outside of the Gainesville Metropolitan Area	Provide paratransit trips to eligible individuals with state TD Trust Funds.
<b>5</b>	CTC Paratransit Van Fleet Expansion- TD Trust Funds	Countywide	Purchase two lift-equipped paratransit vans each year with any TD Trust Funds remaining after all TD Trust Fund paratransit trip priorities have been fulfilled.

- Notes: 1. The grant funds allocated from the Transportation Disadvantaged Trust Fund are for the specific purpose of purchasing passenger trips for non-sponsored transportation disadvantaged individuals, or for equipment to be utilized by a Community Transportation Coordinator. Twenty-five percent of the Transportation Disadvantaged Trust Fund allocation may be spent to purchase capital equipment.
2. The Alachua County Transportation Disadvantaged Coordinating Board, in cooperation with the Community Transportation Coordinator, prioritize the use of the state Transportation Disadvantaged Trust Funds. The current and past Transportation Disadvantaged Trust Fund allocations are sufficient to provide trips under priorities 1 and 2 on a first come, first served basis.

CTC = Community Transportation Coordinator

TD = Transportation Disadvantaged

Initial Transportation Disadvantaged Priorities were developed by the Alachua County Transportation Disadvantaged Coordinating Board.

**Table 15**

# Appendix A Transportation Plans and Programs - Eight Metropolitan Planning Factors to be Considered

THIS PAGE LEFT BLANK INTENTIONALLY

## Appendix A: Transportation Plans and Programs - Eight Metropolitan Planning Factors to be Considered

The following is a listing of the factors to be considered pursuant to the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users that was enacted August 10, 2005 as Public Law 109-59. As required by the Act, these factors are being addressed in the development of transportation plans and programs.

- FACTOR 1      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- FACTOR 2      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the safety of the transportation system for motorized and nonmotorized users;
- FACTOR 3      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the security of the transportation system for motorized and nonmotorized users;
- FACTOR 4      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the accessibility and mobility options available to people and for freight;
- FACTOR 5      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will protect and enhance the environment, promote energy conservation, and improve quality of life;
- FACTOR 6      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- FACTOR 7      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will promote efficient system management and operation; and
- FACTOR 8      The metropolitan transportation planning process shall provide for consideration of projects and strategies that will emphasize the preservation of the existing transportation system.

SW = Southwest

Ft. = Fort

NW = Northwest

SR = State Road

<sup>a</sup>Multimodal corridors are defined as major transportation facilities which accommodate automobile, truck, bus, bicycle and pedestrian travel and link different modes together, such as bikes on buses, car and walk and/or park and ride. These projects employ policies and design elements that ensure that the safety and convenience of all users of a transportation system are considered in all phases of project planning and development. Typical elements of a multimodal corridor include sidewalks, bicycle lanes (or wide, paved shoulders), shared-use bicycle and pedestrian paths, designated bus lanes, safe and accessible transit stops and frequent and safe crossings for pedestrians, including median islands, accessible pedestrian signals, and curb extensions. These projects do not include lane reductions.

<sup>b</sup>Waldo Road Multiway Boulevard includes the reconstruction of the Waldo Road Corridor to support commercial and residential redevelopment and enhanced pedestrian crossings to the proposed Waldo Road Bus Rapid Transit line.

*Note- Estimated costs are shown in Year 2010 dollars, except for the Strategic Intermodal System project that is shown in Year 2009 dollars.*

Project Priority	Project Name	Description	Estimated Cost (2010 Dollars)
<b>1</b>	<p><b><u>Interstate 75 Intelligent Transportation System Corridor</u></b></p> <p>Marion County line to Columbia County Line</p>	<p>A. Add Dynamic Message Signs to alert motorists of traffic conditions and travel times.</p> <p>B. Add pan-tilt-zoom traffic surveillance cameras for active traffic management of the freeway. This will allow operators at the Gainesville Traffic Management Center to alert motorists of existing conditions using the Dynamic Message Signs and the 511 information hotline.</p> <p>C. Add traffic detection technology so automated alerts can be sent to Gainesville Traffic Management Center operators when highway speeds drop below a certain threshold as well as for highway traffic studies and travel time collection.</p>	\$9,900,000
<b>2</b>	<p><b><u>Regional Transportation System Bus Priority System</u></b></p> <p>Adding signal priority to heavily used bus routes for University of Florida students will make those routes more reliable, thus resulting in higher passenger capacity and fewer vehicles on the road.</p>	<p><b>A. <u>Route #9</u></b> <b><u>State Road 24 (Archer Road)</u></b> from SW 23 Terrace to SW 23 Drive <b><u>State Road 331 (Williston Road)</u></b> from SW 25 Terrace to SW 23 Street</p> <p><b>B. <u>Route # 20</u></b> <b><u>State Road 121 (SW 34 Street)</u></b> from Hull Road to SW 20 Avenue</p> <p><b>C. <u>Route# 21</u></b> <b><u>State Road 121 (SW 34 Street)</u></b> from Hull Road to SW 20 Avenue</p> <p><b>D. <u>Route #35</u></b> <b><u>State Road 24 (Archer Road)</u></b> from SW 23 Terrace to State Road 226 (SW 2 Avenue) <b><u>State Road 226 (SW 16 Avenue)</u></b> from State Road 24 (Archer Road) to Shealy Drive <b><u>State Road 12 (SW 34th Street)</u></b> from SW 35 Place to State Road 226 (SW 16 Avenue) <b><u>State Road 226 (SW 16 Avenue)</u></b> from State Road 121 (SW 34 Street) to SW 23 Street</p>	\$600,000

**Table C-4 (Continued)**  
**Year 2035 Cost Feasible Plan**  
**Intelligent Transportation System Appendix**

Project Priority	Project Name	Description	Estimated Cost (2010 Dollars)
3	<p><b><u>Dynamic Message Signs on State Highway Arterials</u></b></p> <p>Dynamic message on the arterials will alert drivers of existing traffic conditions, alternate routes, detour routes in the event Interstate 75 is shut down, and travel times.</p>	<p>A. State Road 121 (SW 34 Street) @ SW 20 Avenue (Southbound)</p> <p>B. State Road 121 (SW 34 Street) @ State Road 331 (Eastbound)</p> <p>C. State Road 25 (W 13 Street) @ State Road 26 (W University Avenue)</p> <p>D. State Road 25 (NW 13 Street) @ State Road 222 (NW 39 Avenue) (Westbound)</p> <p>E. State Road 25 (NW 13 Street) @ State Road 222 (NW 39 Avenue) (Northbound)</p> <p>F. State Road 222 (NW 39 Avenue) @ State Road 93 (Eastbound)</p>	\$700,000
4	<p><b><u>Expand Automated Arterial Travel Time System</u></b></p> <p>Expanding the Arterial Travel Time System will provide motorists with more real time information via Google maps or Dynamic Message Signs for actual travel times to various spots in the urban area. Motorists may be able to make a different route choice based on the information they receive. The travel times can also be used for traffic studies to measure development related impacts.</p>	<p><b>A. <u>State Road 25 (NW 13 Avenue)</u></b> State Road 222 (NW 39 Avenue) to State Road 331 (Williston Road)</p> <p><b>B. <u>State Road 121 (SW 34 Street)</u></b> NW 16 Avenue to State Road 93 (Interstate 75) Southbound Ramp</p>	\$600,000

## Regional Transit System

### Supplemental Information

THIS PAGE LEFT BLANK INTENTIONALLY

## **Appendix D: Regional Transit System Supplemental Information**

Table D-1 provides supplemental project descriptions from the Regional Transit System Transit Development Plan for project priorities No. 4 and No. 5 of Table 6 of the List of Priority projects. This supplemental information is provided at the request of the Regional Transit System.

THIS PAGE LEFT BLANK INTENTIONALLY

**Table D-1**  
**Fiscal Years 2012-13 to 2016-17**  
**Public Transportation Priorities Supplemental Information**  
**Priority 4 and 5 Projects**

Project	Location	Description
<b>Priority 4 New Transit Routes</b>		
<b>Enhance bus service via Fort Clarke Boulevard</b>	RTS Route 23	Implement new route to provide service from the Oaks Mall to SFC
<b>Enhance bus service from Urban Core to Airport Area</b>	RTS Route 25	Implement new route to provide service from the University of Florida to the Airport Area
<b>Enhance bus service via W 62 Boulevard and N 23 Avenue</b>	RTS Route 62	Implement new route to provide service from Oaks Mall to Butler Plaza
<b>Enhance bus service within Urban Core</b>	RTS Route 46	Implement new circulator route to provide service between downtown and the University of Florida
<b>Enhance bus service via N 39 Avenue</b>	RTS Route 39	Implement new route to provide service from Spring Hill Development to Gainesville Regional Airport
<b>Enhance bus service for southwest and northwest areas</b>	RTS Route 44	Implement new route to provide service from Shands to Hunters Crossing
<b>Priority 5 Existing Route Service Enhancements</b>		
<b>Enhance bus service via N 23 Avenue</b>	RTS Route 10	Increase fixed-route service to 40 minutes
<b>Enhance bus service via W 43 Street</b>	RTS Route 43	Increase fixed-route service to 30 minutes
<b>Enhance bus service via Archer Road</b>	RTS Routes 1, 8 & 11	Extend fixed-route hours to 11:00 pm
<b>Enhance bus service for southeast and northwest areas</b>	RTS Routes 6 & 11	Increase fixed-route service to 30 minutes
<b>Enhance bus service for southeast and northeast areas</b>	RTS Routes 2 & 24	Increase fixed-route service to 30 minutes
<b>Enhance Saturday service</b>	RTS Routes 14, 75, 400, 402, 403, 404, 405, 406, 409 & 410	Extend fixed-route service to 7:58 pm
<b>Enhance bus service via Archer Road and Tower Road</b>	RTS Route 75	Increase fixed-route service to 35 minutes; extend Saturday fixed-route service to 7:58 pm; add Sunday fixed-route service; and increase weekend fixed-route service to 45 minutes
<b>Enhance bus service for southeast area</b>	RTS Route 7	Increase fixed-route service to 30 minutes
<b>Enhance Sunday service</b>	RTS Route 410	Add Sunday fixed-route service
