#### MINUTES

## GAINESVILLE URBANIZED AREA TRANSPORTATION STUDY METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION (MTPO) **TECHNICAL ADVISORY COMMITTEE (TAC)**

Gainesville Regional Utilities General Purpose Meeting Room 301 SE 4<sup>th</sup> Avenue Gainesville, Florida 2:00 p.m. Wednesday September 22, 2010

#### MEMBERS PRESENT

Doug Robinson, Chair Jonathan Paul, Vice Chair Dekova Batey Linda Dixon Steve Dopp Kathy Fanning John Gifford Debbie Leistner Dean Mimms Ha Nguyen Karen Taulbee

Ron Fuller Harrell Harrison Michael Iguina Steve Kabat

MEMBERS ABSENT

Whit Blanton Jennifer Carver Gerry Dedenbach Ken Duffield Ali Hanes Brian Harrington Monique Heathcock Kelly Henderson Doreen Joyner-Howard Anthony Lyons

**OTHERS PRESENT** 

STAFF PRESENT

Marlie Sanderson Michael Escalante

#### CALL TO ORDER

Chair Doug Robinson, Regional Transit System (RTS) Chief Transit Planner, called the meeting to order at 2:10 p.m.

#### I. INTRODUCTIONS

Chair Robinson asked the visitors to introduce themselves, which they did.

#### II. APPROVAL OF THE MEETING AGENDA

Chair Robinson asked for approval of the agenda.

Mr. Marlie Sanderson, MTPO Director of Transportation Planning, recommended the insertion of the Community Redevelopment Agency Main Street Project after Item IV. Chair's Report and Intelligent Transportation System (ITS) Projects after Item V.D Draft Roadway Plan.

### ACTION: Steve Dopp moved to approve the meeting agenda, amended to insert Community Redevelopment Agency Main Street Project after Item IV. Chair's Report and Draft Intelligent Transportation System (ITS) Plan after Item V.D Draft Roadway Plan. Linda Dixon seconded; motion passed unanimously.

## III. APPROVAL OF COMMITTEE MINUTES

Mr. Sanderson stated that the September 1, 2010 minutes are ready for approval

# ACTION: Steve Dopp moved to approve the September 1, 2010 TAC minutes. Jonathan Paul seconded; motion passed unanimously.

#### IV. UPCOMING MEETINGS

Mr. Sanderson announced that the next MTPO meeting is scheduled for October 4th at 5:00 p.m. in the Jack Durrance Auditorium. He said that the TAC's next meeting, if needed, is scheduled for October 13th.

## IV.2 COMMUNITY REDEVELOPMENT AGENCY (CRA) MAIN STREET PROJECT

Mr. Sanderson stated that the CRA requested an opportunity to present a proposed redevelopment project for S Main Street.

Mr. Gerry Dedenbach, Casseaux, Hewett & Wapole (CHW) Planning & GIS Services Director, and Ms. Monique Heathcock, CHW Project Engineer, discussed the Main Street project and answered questions.

#### V. LONG RANGE TRANSPORTATION PLAN UPDATE-DRAFT COST FEASIBLE PLAN

## A. PRIORITIZATION CRITERIA

Mr. Sanderson, Mr. Whit Blanton, Renaissance Planning Group (RPG) Vice President, and Ms. Jennifer Carver, RPG Senior Planner, discussed the prioritization criteria and answered questions.

Ms. Debbie Leistner, City of Gainesville Transportation Planning Manager, discussed her concerns for the scoring of the proposed transit maintenance facility.

Mr. Blanton stated that he would look into the scoring of the proposed transit maintenance facility.

Mr. Brian Harrington discussed his concern for the SW 62nd Corridor facility.

Mr. Sanderson discussed the Year 2035 Needs Plan Efficient Transportation Decision Making (ETDM) evaluation and answered questions.

## B. DRAFT TRANSIT PLAN

Mr. Sanderson discussed the draft Transit Plan and answered questions.

Mr. Jonathan Paul, Alachua County Impact Fee Manager, requested that the Bus Rapid Transit (BRT) dedicated lane projects be placed on the Roadway Plan.

## ACTION: Linda Dixon moved to recommend that the MTPO approve the draft Cost Feasible Transit Plan as shown in Exhibit 1. John Gifford seconded, motion passed unanimously.

## C. DRAFT BICYCLE/PEDESTRIAN PLAN

Mr. Sanderson discussed the draft Bicycle/Pedestrian Plan and answered questions.

## ACTION: Karen Taulbee moved to recommend that the MTPO approve the draft Cost Feasible Bicycle/Pedestrian Plan as shown in Exhibit 2. John Gifford seconded, motion passed unanimously.

## D. DRAFT ROADWAY PLAN

Mr. Sanderson discussed the draft Roadway Plan and answered questions. He noted that the new staff recommendation included the conversion and/or construction of dedicated transit lanes. He reported that Florida Department of Transportation (FDOT) staff is requiring that any added transit lanes constructed using FDOT funds cannot be separated from the general purpose lanes.

## ACTION: Linda Dixon moved to recommend that the MTPO approve the draft Cost Feasible Transit plan as shown in Exhibit 3. Debbie Leistner seconded, motion passed 10 to 1.

## D.2 DRAFT INTELLIGENT TRANSPORTATION SYSTEM (ITS) PLAN

Mr. Sanderson discussed the draft ITS Plan and answered questions.

## ACTION: Debbie Leistner moved to recommend that the MTPO approve the draft Intelligent Transportation System Plan as shown in Exhibit 4 as an appendix to the Cost Feasible Plan. Dean Mimms seconded, motion passed unanimously.

Mr. Sanderson discussed adding a statement to the Cost Feasible Plan regarding the impact of year of expenditure calculations.

ACTION: Steve Dopp moved that the Cost Feasible Plan recommendation include the following statement- <u>with the understanding that the final list of projects will be</u> <u>consistent with the cost feasible plan priority projects adopted by the MTPO and</u> <u>will include those projects that are financially feasible after the year 2010 cost</u> <u>estimates are converted to year of expenditure dollars</u>. Kathy Fanning seconded; motion passed unanimously.

#### E. PEAK OIL/LAND USE STRATEGIES

Mr. Blanton discussed the peak oil/land use strategies Plan and answered questions.

#### VI. INFORMATION ITEMS

There was no discussion of the information items.

#### ADJOURNMENT

The meeting was adjourned at 3:54 p.m.

 $\frac{12/1/10}{\text{Date}}$ 

Douglas Robinson, Chair

<sup>a</sup>Multimodal corridors are defined as major transportation facilities which accommodate automobile, truck, bus, bicycle and pedestrian travel and link different modes together, such as bikes on buses, car and walk and/or park and ride. These projects employ policies and design elements that ensure that the safety and convenience of all users of a transportation system are considered in all phases of project planning and development. Typical elements of a multimodal corridor include sidewalks, bicycle lanes (or wide, paved shoulders), shared-use bicycle and pedestrian paths, designated bus lanes, safe and accessible transit stops and frequent and safe crossings for pedestrians, including median islands, accessible pedestrian signals, and curb extensions.

<sup>b</sup>Waldo Road Multiway Boulevard includes the reconstruction of the Waldo Road Corridor to support commercial and residential redevelopment and enhanced pedestrian crossings to the proposed Waldo Road Bus Rapid Transit line.

Note-Estimated costs are shown in Year 2010 dollars, except for the Strategic Intermodal System project that is shown in Year 2009 dollars.
